## What's Best . . .

## Editorial in Financial World, New York, Feb. 19, 1964

Not infrequently children will reject some benefice, even a pleasurable one, tendered by their elders. Such a situation usually is ended with the senior participant's dictum: "Take it and be quiet. I know what's best."

The federal government decided that Hope, Ark. (population 8,400) needed a new post office and federal office building at a cost of roughly \$500,000. No one in Hope had expressed any yearning for new federal architecture; the local post office seemed adequate to the people who used it.

Editor Alex Washburn of the Hope afternoon Star began a grass roots campaign to test the government's desire for economy. In addition to publicizing the matter Mr. Washburn circulated a petition against the project.

It was his hope that enough signatures would inform the area's congressman, Democratic Representative Oren Harris, that the people of Hope didn't want the building. In this way, he thought to impress on the federal government that its spending is not always automatically greeted with enthusiasm.

By the time Mr. Washburn had 1,000 signatures — more names than a majority of any primary election in the city — Rep. Harris squashed the whole thing. He issued a statement that the General Services Administration would acquire a selected site for the Hope post office and federal building, and begin construction. The present structure, Mr. Harris said was inadequate and the new building will mean a savings over the years with all federal offices under one roof.

Mr. Washburn is a courageous man (Internal Revenue is probably scrutinizing his tax return), but it was presumptuous of him and the people of Hope to tell the federal government what it could do. After all, Washington knows best. But fortunately all hope isn't abandoned.

Ed Note: Harry W. Shiver, Hope, brought The Star's editor the above editorial. According to the IRS story in my famous sales tax fight, IRS wasn't scrutinizing me in 1955—I was scrutinizing them! Rather than attempting to hide anything, I attached a petition campaign audit to my tax return, and the ensuing court battle forced the government to disclose that no longer may Americans circulate a petition against their government without paying a tax penalty.

## Kiwanians Preparing for Minstrel

Plans are being made for the best Kiwanis Minstrel in years, according to Al Graves, Jr. and Mitchell LaGrone, co-chairmen for the annual event.

Tentative dates for the Minstrel have been set for April 9 and 10, with the premier showing scheduled in Blevins on Thursday, April 9, and in Hope on the 10th.

The script is nearing completion and the end men have been selected. They will be Guy (Perpetual) Grigg, Eddie (Axle Grease) Whitman, Andy (Short Stuff) Caldwell, Al (Moon Pie) Graves and Mitch (R. C.) LaGrone.

The Minstrel is the club's primary fund raising project for the year, according to the club president Eddie Whitman. The club uses the money raised from the minstrel to support the youth activities in Hope.

## Star to Receive Second Round of Orders for 'The Torch Is Passed'

The initial order of 400 copies of the John F. Kennedy hardcover book "The Torch Is Passed" has been fully delivered by Hope Star, and we will now receive orders for a second shipment.

The book is priced at \$2 per copy postpaid, a bargain made possible only by the fact that the printers who manufacture it for The Associated Press have already run off more than 2

## Revenue Bldg. Bids Are Ready

LITTLE ROCK (AP) — Bids on a contract for construction of a \$1.6 million Revenue Department building will be opened March 10, Revenue Commissioner J. Orville Cheney said today.

Cheney estimated it would take a year to 15 months to complete the building, which will be erected west of the present Capitol grounds.

The building was authorized in a 1961 act. It will be financed with a bond issue which will be retired from money accumulating in a special fund created from a 50-cent increase in the automobile registration fee.

Cheney said \$350,000 already had accumulated in the fund, but \$250,000 of this was advanced to the Little Rock Housing Authority to help pay for the land.

Cheney said he hoped the building could be completed while the 1965 legislature is in session so that the legislature can provide for equipping and staffing the building.

## Wildlife Group Meets Thursday

The Hempstead County Wildlife Assn. will hold its monthly meeting at the Courthouse Thursday, Feb. 27, at 7:30 p.m. Two color films will be shown: "Fishing in Mexico" and "Alaska Game Hunt". All members and prospective members are urged to attend.

## Cuba Dealing in Canada for U. S. Lard

WASHINGTON (AP) — A Cuban government purchasing mission in Montreal, Canada, is negotiating with U.S. companies for the purchase of \$2-million worth of lard, it was learned today.

There were strong indications this major effort by the Fidel Castro government to obtain U.S. foodstuffs would be successful.

The sale would be the largest movement of U.S. goods to Cuba since the series of food and medical shipments used to ransom the Bay of Pigs prisoners.

U.S. officials have criticized other Western nations for selling "hard goods" — such as buses and trucks — to Cuba.

There are no U.S. regulations against the sale of food and medicine to Cuba—provided no export subsidy is involved—but the problem of transportation has reduced such sales to a trickle in recent months.

## African Lady, the Elephant, Is Expecting

KANSAS CITY, Mo. —

The African Lady is expecting a baby any day now—maybe! If the blessed event comes off successfully, it will be an international zoological first.

For the lady—Lady A by name—an African elephant and her mate, Casey A, are star attractions at Kansas City's Swope Park Zoo. Zoo director William T. A. Cully says there is no record of an African elephant ever giving birth in captivity.

Cully says the elephant gestation period runs from 18 to 22 months. Lady A "could give birth any time between now and early May."

The zoo got Lady A and Casey A in 1955 when they were just four years old. They were named for the Kansas City Athletics baseball club.

Cully says "there aren't many pairs around. Cleveland has a pair and San Diego and there's a pair at Basle, Switzerland. I don't know of any others."

Four Indian elephants have been born at Portland, Ore. and Portland's zoo director, Jack Marks, has been giving Cully lots of advice.

The only catch, Cully admits, is that it may all be a delusion. He just hasn't found a guaranteed test to prove an elephant is pregnant.

## Hoover Is Past Critical Point

NEW YORK (AP) — Former President Herbert Hoover has progressed past the critical point in his illness and was able to sit up in bed today for breakfast, his doctors said.

Hoover, 89, became seriously ill last Sunday with a respiratory ailment and a bleeding kidney.

Neil McNeil, a close personal friend, said Hoover had improved to the extent that no further medical bulletins would be issued.

The 31st president is confined in his Waldorf Towers apartment.

## Cuba May Pay Off Oil Firms

MIAMI, Fla. (AP)—Havana Radio said today that the Cuban government has taken first steps to negotiate with Shell Oil Co. over compensation for seizure of the firm's Havana refinery in 1960.

The Fidel Castro government seized the \$28 million Shell plant along with Esso and Texaco refineries after the three refused to comply with a government order to refine Russian petroleum.

## French Deny Assassination Plot Backing

By MALCOLM W. BROWNE

SAIGON, Viet Nam (AP) — Maj. Gen. Nguyen Khanh was marked for assassination today in a plot backed by French officials, the premier and strongman has told associates.

A spokesman for the French Embassy denied the charge.

The premier, 36, returned from the Mekong River Delta where he escaped death or injury earlier in the day when an armored personnel carrier hit a Communist land mine and blew up 100 yards away from him.

Informed sources said Khanh reported he learned of the plot in time to call off a trip he had scheduled. He asserted French officials gave a terrorist 100,000 piastres—about \$1,300—to kill him.

Reports have been circulating in Saigon that a coup was being hatched against the man who threw out the military junta and seized power Jan. 30.

The charge came at a time when the U.S. — backed war against the Communist guerrillas is going badly and President Charles de Gaulle has called for neutralization of Southeast Asia, including South Viet Nam.

Khanh has said he took over rule in South Viet Nam to prevent neutralization, claiming such sentiment was growing in high Saigon circles.

Khanh had visited the battlefield about 45 miles south of Saigon, where Wednesday guerrillas engaged Vietnamese marines in possibly the fiercest fight of the month.

A U.S. adviser said that although a few guerrilla bodies were found "this time we nailed them." At least six Vietnamese marines were killed, a field dispatch said.

Earlier, the Vietnamese government said 26 guerrillas were killed. It gave Vietnamese losses as three killed and 76 wounded.

In the operation 120 miles west of Saigon, a massive military operation fizzled Tuesday after overrunning a guerrilla training center.

In the midst of the gloomy news and rumors of plotting, the Vietnamese government asked France to extradite Mrs. Ngo Dinh Nhu, widow of the strongman killed in the military coup of Nov. 1. President Ngo Dinh Diem, Nhu's brother, also was killed.

In view of French-South Vietnamese relations, the request probably will be ignored. But the request will clear the way for confiscation of her property by Khanh's regime, which has declared her an outlaw.

## Man to Trial in Fatal Shooting

HARRISBURG, Ark. (AP) — Frank Harris, 57, of Jonesboro, will go on trial next week for first degree murder in the shooting death of Leonard Dever Dec. 20 near Trumann.

Sheriff Ray Holmes said Prosecutor Todd Harrison has not revealed the order in which the Dever case and several other major charges will be tried.

Dever, his wife and four of their six children died in a shooting and subsequent fire at their home. Two surviving children now in a foster home, told authorities they saw a man shoot their parents, then set fire to the house.

Harris has been charged only in the death of Dever.

Witnesses in the Harris case have been summoned to report Monday, the day Poinsett Circuit Court opens at Harrisburg. But the jury has not been summoned until 9:30 a.m. Tuesday.

State Hospital doctors found Harris without psychosis. Defense attorney Don McCourtney of Jonesboro objected to the examination, ordered by Judge John Mosby, and said he had no plans to use insanity in defense of Harris. Mosby will hear the case.

## Housing Loan

WASHINGTON (AP) — The Public Housing Administration announced Tuesday a \$1,273,436 loan to the Osceola Housing Authority for construction of 100 low-rent homes.

SMILE FOR INVESTIGATORS — Carol Tyler, Bobby Baker's Girl Friday, has a smile for Senate Rules Committee investigators as she appears before the group. Like her boss, Carol refused to answer questions about Baker's sideline activities while he was a Senate aide.

F. C. Crow

In setting aside May 1 as Law Day, U.S.A., the Congress calls upon Americans to rededicate themselves to the ideals of equality and justice under law in their relations with each other. Respect for the law is the condition upon which our whole social order depends. Therefore observance is essential.

Chairman for the Hempstead County Committee for Law Day is F. C. Crow, local attorney. This group assigns speakers to various schools, clubs and organizations etc. to discuss Law Day.

## Jap Airline Crash Leaves 19 Dead

TOKYO — A Japanese airliner crashed today at Oita, southern Japan, and Oita police headquarters said 19 persons were killed and 22 hospitalized.

The airline said no foreigners were among the 36 passengers and five crew members.

Police said the twin-engine, propeller-driven Convair was landing at Oita Airport when its brakes apparently failed. It plowed into a river dike next to the runway, broke into three parts and burst into flames.

The plane was operated by Fuji Airlines.

Oita is 650 miles southwest of Tokyo, on the southernmost Japanese island of Kyushu. The plane was en route from Kagoshima, at the southern tip of Kyushu, to Tokyo.

## All Around Town

By The Star Staff

At the 56th annual State Convention of Daughters of the American Revolution last week at Jonesboro Mrs. Belle Klipsch of Hope was named the state librarian.

Hempstead County Draft Board office will be moved Friday to Hope Postoffice . . . the office will be located upstairs.

When Crossett held a banquet for its football team recently special guest for the occasion was Richard McDowell, who the Eagles dubbed the best back they faced all last season . . . Richard was accompanied by Coach Glen Ballard for the program.

Friends will be sorry to learn that Mrs. H. W. Hatcher is in Baptist Hospital, Little Rock, in Room 523 C.

Red Paradise, Fulton, has caught 55 alligator gar this winter that average 68 pounds . . . two weighed 150 pounds . . . all were caught in a trammel net.

## Jim Cole Announces for 2nd Term

The Star has been authorized to announce the candidacy of Jim Cole for re-election for a second term to the office of Circuit Clerk. In making his announcement Mr. Cole issued the following statement:

I appreciate the confidence the Public has shown in me and the Circuit Clerks office during the past year. It has been a pleasure to serve you and I have endeavored to fulfill the duties of this office and a desire to improve the service. Now for the first time you can file deeds and mortgages for recording one day and they are returned the following day. Court proceedings are processed the day they are filed. I have done my best to give efficient, courteous service to every one at all times, and if re-elected as your Circuit Clerk, I promise to continue this policy.

At this time may I solicit your Support and Vote in the Democratic primary for a Second Term. Thank you.

Jim Cole for re-election as Circuit Clerk.

## Kennedy Children Over Chicken Pox

WASHINGTON (AP) — Caroline Kennedy, 6, and her brother John Jr., 3, are long over an attack of chicken pox but the word has just leaked out.

The children of the late president were never seriously ill and are back at school and play.

Caroline and several of her first grade friends became ill about a month ago.

Mrs. Kennedy's social secretary Nancy Tuckerman, explained today that her office had not given out the news because "we were terrified we would get a flood of mail."

"Children from all over would have sent get-well cards," Miss Tuckerman said, and Mrs. Kennedy's staff was "overwhelmed by mail already."

## Freedom Subject of GOP Meet

Hempstead County Republican Women met with Mrs. Clarence Geist and Mrs. T. O. Porter February 25 in the Geist home. Mrs. Paul Klipsch brought the program based on a recent issue of the Dan Smoot Report stating the danger of losing freedom by all individuals in the Civil Rights Bill.

A letter from Senator John McClellan stating his stand on the bill was read to the group. Each of the members was asked to familiarize herself with the bill and to write to her senators about it.

Early japonica was seen in the home, where 13 were served cherry tarts, nuts, and coffee or cold drinks for refreshments. The March 24 meeting will be with Mrs. Haskell Jones.

## Another Train Dynamited in Florida Strike

ST. AUGUSTINE, Fla. (AP) — The third dynamite blast along the Florida East Coast Railway this month blew a locomotive and several box cars off the track 10 miles south of here today. No one was injured seriously.

Officials of the company said some of the cars caught fire after the blast at a highway intersection.

The FEC has blamed numerous dynamitings on sabotage. Eleven nonoperating unions which struck the road Jan. 23, 1963, have denied involvement in the violence and have pleaded with dynamiters to bring it to a halt.

On Feb. 14, a powerful explosion hurled 10 cars off the track near New Smyrna Beach. Earlier in the month, a train was dynamited near Miami.

Some crewmen were shaken up by today's blast, the railroad reported.

The FEC, operated by the Florida DuPont estate, has resisted federal government orders to rehire the striking workers and restore the status quo of prestrike days pending efforts to settle the dispute.

In Vienna, there was speculation that the Romanians would try to mediate the bitter ideological conflict between Moscow and Peking.

In Tokyo, there was speculation that the Romanians, angry because Soviet Premier Khrushchev has blocked their plans to industrialize, may be preparing to throw their support to Mao Tze-tung in his campaign against Khrushchev's coexistence policies.

An announcement from Peking today said Romania had accepted a Chinese invitation "to exchange views on relations between our two Communist parties and between our two countries and on the question of the unity of the socialist camp and of the international Communist and workers' movement."

The conference, to begin early next month, will be just below the summit level. Romania's delegation will be headed by Premier Gheorghe Mauer. Romania's top Communist, president and party chief Gheorghe Gheorghiu-Dea, apparently are staying home.

The Chinese team will include President Liu Shao-chi and President Teng Hsiao-ping.

The Romanian Communists have tried a neutral path in the Chinese-Soviet feud, neither opposing the Moscow line of peaceful coexistence nor taking a stand against Red China's tough foreign policy.

The Post said at the time Nixon urged Texans to provide a courteous reception for President Kennedy saying "over-enthusiastic opponents really harm their own cause and help their opponents by showing discourtesy."

Nixon was not immediately available for comment. The whereabouts of Mrs. Marina Oswald in Dallas were not immediately known.

The Post said Martin would not say how he had learned of Oswald's alleged intent to assassinate Nixon.

Blevins Resident Dies Tuesday

Mrs. Lena Mae Phillips, age 91, of Blevins, died Tuesday at a Hope nursing home.

A native of Pulaski, Tennessee, she had lived in the Blevins area the last fourteen years and was a member of the Blevins Church of Christ.

She is survived by one son, James B. Phillips of Monterey Park, California.

Funeral services will be held at 10:30 a.m., Thursday, at the Blevins Church of Christ with Harley Sisson of Hope officiating. Burial will be in the Marlbrook Cemetery by the Latimer Funeral Service of Nashville.

Herman Shulmin, producer-director, has keyed the presentation in a mood of quiet dignity and the cast headed by Emlyn Williams and Jeremy Brett rarely raised a voice or sweeps an impassioned gesture.

## March 5 Set for First Cut in Income Tax

By HARRY KELLY

WASHINGTON (AP) — The historic tax bill is signed and sealed, and its big cargo of reductions will begin being delivered to taxpayers right after March 5.

President Johnson signed it into law Wednesday night and told the nation in a radio and television address it is "the single most important step we have taken to strengthen our economy since World War II."

Noting that John F. Kennedy had "inspired and proposed" the \$11.5-billion cut—the biggest in history—Johnson hurried off to the home of the president's widow to present her and her two children, John Jr. and Caroline, with three of the pens he had used to sign it.

The tax bill, which the Senate completed final congressional action on Wednesday by a 74 to 19 vote, will reduce taxes for 80 million individuals by almost one-fifth, on the average, by about 9 per cent for 550,000 businesses. The cuts are retroactive to Jan. 1.

Johnson in his 15-minute address said the measure "will strengthen our economy and bring a better way of life to our citizens."

The theory is, as Johnson explained: "As you spend this Continued on Page Two

## Romania Is Trying to End Red Fuss

VIENNA, Austria — Communist Romania is sending a high-level government mission to Peking next month, but interpretations of the meaning of the trip varied according to the geographic location of the observer.

In Vienna, there was speculation that the Romanians would try to mediate the bitter ideological conflict between Moscow and Peking.

In Tokyo, there was speculation that the Romanians, angry because Soviet Premier Khrushchev has blocked their plans to industrialize, may be preparing to throw their support to Mao Tze-tung in his campaign against Khrushchev's coexistence policies.

An announcement from Peking today said Romania had accepted a Chinese invitation "to exchange views on relations between our two Communist parties and between our two countries and on the question of the unity of the socialist camp and of the international Communist and workers' movement."

The conference, to begin early next month, will be just below the summit level. Romania's delegation will be headed by Premier Gheorghe Mauer. Romania's top Communist, president and party chief Gheorghe Gheorghiu-Dea, apparently are staying home.

The Chinese team will include President Liu Shao-chi and President Teng Hsiao-ping.

The Romanian Communists have tried a neutral path in the Chinese-Soviet feud, neither opposing the Moscow line of peaceful coexistence nor taking a stand against Red China's tough foreign policy.

The Post said at the time Nixon urged Texans to provide a courteous reception for President Kennedy saying "over-enthusiastic opponents really harm their own cause and help their opponents by showing discourtesy."

Nixon was not immediately available for comment. The whereabouts of Mrs. Marina Oswald in Dallas were not immediately known.

The Post said Martin would not say how he had learned of Oswald's alleged intent to assassinate Nixon.

Blevins Resident Dies Tuesday

Mrs. Lena Mae Phillips, age 91, of Blevins, died Tuesday at a Hope nursing home.

A native of Pulaski, Tennessee, she had lived in the Blevins area the last fourteen years and was a member of the Blevins Church of Christ.

She is survived by one son, James B. Phillips of Monterey Park, California.

Funeral services will be held at 10:30 a.m., Thursday, at the Blevins Church of Christ with Harley Sisson of Hope officiating. Burial will be in the Marlbrook Cemetery by the Latimer Funeral Service of Nashville.

## Weather

Forecasts: ARKANSAS: Cloudy to partly cloudy tonight and Friday. Lows tonight 20 to 30. A little warmer Friday. High 45 to 55.

LOUISIANA: Chance of occasional rain tonight. Partly cloudy and colder tonight with lows 26 to 32. Partly cloudy and Continued on Page Two

## Blackbirds Costly

WASHINGTON (AP) — Rep. E. C. Gathings, D-Ark., told the House Appropriations Committee Tuesday that Arkansas farmers of rice, sorghum, corn and other crops lose between \$5 million and \$7 million annually because of blackbirds. He urged the committee to approve \$600,000 to combat blackbirds.

## Maryland Is Out to Halt Disorders

By KENNETH V. DUNCAN  
PRINCESS ANNE, Md. (AP)—Gov. J. Millard Tawes was prepared today to send the National Guard, if necessary, to Princess Anne, scene of racial demonstrations in which 27 Negro students were arrested and 59 received medical treatment.

Police dog and fire hoses were used as more than 100 State Police some wearing helmets and carrying night sticks, clashed Wednesday with 250 to 300 students from Maryland State College.

Tawes, in Annapolis, sent in the National Guard last summer during demonstrations at Cambridge, about 45 miles northwest of Princess Anne.

Atty. Gen. Thomas B. Finan said that although Guard units had been alerted it was hoped the 130 State Police could contain the situation.

Princess Anne has about 1,350 people. About one of three is a Negro.

Maryland State College on the outskirts of Princess Anne has 527 day students, of whom 13 are white.

Among the first arrested was John Wilson, 20, president of the Student Appeal For Equality and a junior at Maryland State. He has led the demonstrations against two segregated restaurants.

A trooper, Colin MacIndoe was treated for what police said were acid burns of his feet and legs.

At least one officer used his night stick and the students threw rocks, bottles and sticks at police as they retreated before the dogs and fire hoses.

Most of the 59 treated at the campus health center suffered scratches, bruises and dog bites.

## DOROTHY DIX

### PREMARITAL RELATIONS STILL MENACE HAPPINESS By DR. JOYCE BROTHERS

Dear Dr. Brothers: I am 21 and in love with a young man I hope to marry. My problem right now is this: Our courtship is almost, but not quite, leading to sexual intimacy. I've read it would be wrong. Many girls I know have sexual relations when they're in love. Should I be different? Please don't lecture me morally. Rather, advise me as an experienced psychologist. —I. L.

Dear I. L.: One of today's leading psychiatrists, Dr. Louis E. Bish, has been a professional advisor in many cases of premarital relationships.

His total experience shows this: Acquiescence can lead to three things at once: disillusionment, bitterness, and cynicism.

Here's leading professional advice, but what's a young woman to do about this sexual dilemma in this present day? Our modern customs aren't Victorian any more. Relative sex freedom is widespread. Premarital sex is increasing and, unfortunately but predictably, will continue to do so.

A girl's very practical problem is this: if she doesn't respond sexually, she may remain a wallflower, and perhaps be left a spinster in the end.

Why? Male reactions. They typically mistake premarital resistance as a warning signal of frigidity in marriage. This couldn't be further from the truth.

But what is the result? The resisting girls get classed as "cold," therefore, an unsuitable wife.

Here enters the classic conflict: to give in, or faceromantic rejection.

Here's what Dr. Bish has to say: First, the girl who gives in may gain popularity, but also gain the label as promiscuous and a push-over. After one acquiescence, it's easy, often inevitable, to experiment gain on other nights.

Second, both the boy and the girl get a wrong impression of what sex really stands for in an illicit experience. This impression can encourage later frigidity, because the clandestine act procures guilt. And more that is negative—the fleeting experience often happens under very unfavorable conditions.

Third, there are these liabilities: the suspicion the girl is wanted only for sex, the danger of pregnancy, and the religious conviction of having sinned, for which she will never be forgiven.

Suppose you have forgotten this leading psychiatrist's advice in the intensity of some man's persuasion. You may recall the experience others report who have acquiesced in a clandestine romance. Dr. Bish says the average young woman often wrongly concludes that sex is not what it's cracked up to be, perhaps that it's even revolting. If the experience has left her with this reaction, it can count as two strikes against her later happiness in marriage. This comes from completely distorted concepts of sex as it should be.

And another point Dr. Bish adds. Don't be misled by the happy ending in the romance of some girls who have acquiesced premaritally, and ended up with a perfect marriage with the man in question. They are the lucky exceptions.

Dear Dr. Brothers: My husband says that if I don't cut out the nagging he'll up and leave me one of these days. What can I do to help myself?

Two Negroes were hospitalized in Salisbury.

The 27 arrested were charged with disorderly conduct and failure to obey a lawful command of a police officer. Four were women.

All 27 were released on bail late Wednesday night. They were taken to the college campus in State Police cars.

Continued From Page One  
money at the grocers or department store, the grocer and department store owner in turn will spend it for their own needs—and in this fashion, the money will circulate through the economy raising the demand for goods several times the amount of the tax cut."

All told about \$800 million more a month will be fired into the economy to speed it up, enlarge it, create more jobs and provide an economic fortress for "the preservation of freedom in the world."

The President urged Americans now put this theory into practice, declaring:

"If American enterprise responds to this new opportunity with increased investment and expansion—with new production and new products—with the creation of new jobs—then the tax cut will bring greater abundance to all Americans. Then the federal government will not have to do for the economy what the economy should do for itself."

Johnson called the tax reductions an "expression of faith in our system of free enterprise" and for his part in the effort to keep down government spending he said he will send revised budget estimates to Congress today reducing the budget requests of last month by 7,500 federal jobs and \$30 million.

With examples Johnson illustrated what the reduction would mean for a family of four when it is fully effective next year. Those earning less than \$3,000 a year will pay no tax. Those earning \$5,200 a year will pay \$135 less in taxes, and:

"If you and your wife both work, and your combined earnings are \$10,000 a year, your taxes will be reduced by \$258 a year—a 20-per-cent cut."

For individuals the tax cut will begin showing up next Thursday when the withholding rate is reduced from 18 to 14 per cent.

The cut itself will take place in two annual steps—the bulk of it immediately for individuals. The present tax range of 20 to 91 per cent will drop to 14 to 70 per cent over the two years.

The corporate tax on companies earning more than \$25,000 will drop from 52 to 48 per cent in two steps. For smaller companies, the rate will drop from 30 to 22 per cent by 1965.

Clarksville, Ark. (AP)—The College of the Ozarks has been censured by the American Association of University Professors for an incident involving a professor in 1958.

The AAUP Bulletin said the school had failed to make the due process of academic freedom possible in the case of Charles G. Hamilton, a psychology professor whose contract was not renewed.

J. T. Patterson, business manager of the college, said today that there was no point in the college replying to the charge. He said Hamilton's contract was not renewed because he criticized the college administration to higher officials in the Presbyterian Church. Ozarks is a Presbyterian school.

"It is odd to us to say the man wasn't accorded due academic process," Patterson said. "He had a hearing before the board of trustees and before the Presbyterian Church and it even went to Chancery Court." Each time, Patterson said, the decision backed up the college's position.

The AAUP Bulletin criticized Ozarks and the University of Arkansas in the same issue. "This might make it appear these colleges in Arkansas are in a bad way with the AAUP," Patterson said, "some of the better colleges in the land don't pay any attention to them."

stop?—Xantipe.  
Dear Xantipe: Naggers often believe they are nagging for the other person's good. But according to Dr. Allan Fromme they are merely deluding themselves. "Basically, a person does not nag to correct another person but for hidden reasons. . . . Often it hides a wish to dominate or a basic dissatisfaction with one's life."

Here are some guides to help you break the habit: Do not allow yourself the pleasure of saying how you feel more than twice. On the third round, instead of scolding do something you find enjoyable. The more fun you get out of life yourself the easier it will be to take other people's bad habits. Your husband will seem much less stupid, selfish, lazy, or whatever the complaint, if instead of nagging you treat yourself to something nice.

Tomorrow: There really are such things as ghosts.

## March 5 Set

Continued From Page One

money at the grocers or department store, the grocer and department store owner in turn will spend it for their own needs—and in this fashion, the money will circulate through the economy raising the demand for goods several times the amount of the tax cut."

All told about \$800 million more a month will be fired into the economy to speed it up, enlarge it, create more jobs and provide an economic fortress for "the preservation of freedom in the world."

The President urged Americans now put this theory into practice, declaring:

"If American enterprise responds to this new opportunity with increased investment and expansion—with new production and new products—with the creation of new jobs—then the tax cut will bring greater abundance to all Americans. Then the federal government will not have to do for the economy what the economy should do for itself."

Johnson called the tax reductions an "expression of faith in our system of free enterprise" and for his part in the effort to keep down government spending he said he will send revised budget estimates to Congress today reducing the budget requests of last month by 7,500 federal jobs and \$30 million.

With examples Johnson illustrated what the reduction would mean for a family of four when it is fully effective next year. Those earning less than \$3,000 a year will pay no tax. Those earning \$5,200 a year will pay \$135 less in taxes, and:

"If you and your wife both work, and your combined earnings are \$10,000 a year, your taxes will be reduced by \$258 a year—a 20-per-cent cut."

For individuals the tax cut will begin showing up next Thursday when the withholding rate is reduced from 18 to 14 per cent.

The cut itself will take place in two annual steps—the bulk of it immediately for individuals. The present tax range of 20 to 91 per cent will drop to 14 to 70 per cent over the two years.

The corporate tax on companies earning more than \$25,000 will drop from 52 to 48 per cent in two steps. For smaller companies, the rate will drop from 30 to 22 per cent by 1965.

Clarksville, Ark. (AP)—The College of the Ozarks has been censured by the American Association of University Professors for an incident involving a professor in 1958.

The AAUP Bulletin said the school had failed to make the due process of academic freedom possible in the case of Charles G. Hamilton, a psychology professor whose contract was not renewed.

J. T. Patterson, business manager of the college, said today that there was no point in the college replying to the charge. He said Hamilton's contract was not renewed because he criticized the college administration to higher officials in the Presbyterian Church. Ozarks is a Presbyterian school.

"It is odd to us to say the man wasn't accorded due academic process," Patterson said. "He had a hearing before the board of trustees and before the Presbyterian Church and it even went to Chancery Court." Each time, Patterson said, the decision backed up the college's position.

The AAUP Bulletin criticized Ozarks and the University of Arkansas in the same issue. "This might make it appear these colleges in Arkansas are in a bad way with the AAUP," Patterson said, "some of the better colleges in the land don't pay any attention to them."

## Legislature to Talk Over Districting

By JOHN R. STARR  
LITTLE ROCK (AP)—Gov. Orval E. Faubus said today he will consider including congressional redistricting in his call to a special legislative session if the state's four Congressmen ask him to.

Faubus said placing the matter in the call would depend on the congressmen's working out in advance a redistricting plan which would be acceptable to the legislature.

"The congressmen are worried about the possibility of having to make an at-large race this fall," Faubus said in a news conference. "They are studying the matter."

The congressmen also are studying the proposed voter registration bill, which will be the principal matter to be handled in the special session.

Faubus said it is now unlikely that the session will start next week. Because the congressmen need time for their study of the problems.

He originally planned the session for Feb. 26. The latest speculation was that it would start next Monday.

Congressional redistricting became a special session topic when the U.S. Supreme Court ruled that districts should be, as far as possible, equal in population.

Population in Arkansas' four districts varies widely, opening the door to a lawsuit which could lead to a court declaring that the districts are illegally constituted.

Faubus said the matter had to be considered now because it would be too late to redistrict after the primaries.

Asks Permanent Plan  
LITTLE ROCK (AP)—Rep. Jim Brandon of Pulaski County told a Little Rock civic club Tuesday night that a permanent voter registration proposal was "designed for the people."

He said a bill creating annual registration was "designed for the politicians."

## Well Known Horn Player Dies at 51

WEINER, Ark. (AP)—C.L.V. (Count) Downing, a well-known trumpet player of the 1920s, died today after suffering a heart attack at his home in Weiner. He was 51.

Downing played with numerous bands, including those of Paul Whiteman and Shep Fields. He returned to Weiner to enter business in 1940. He owned the Downing Farm Store implement company.

Survivors include his widow; one daughter, Mrs. Dianna Doe-scher of Weiner, and his brother, Poinsett County Judge Rex Downing.

Services will be at 2 p.m. Wednesday in the First Christian Church of Weiner.

## SOCIETY

Phone 7-3431 Between 8 A.M. and 4 P.M.

## Calendar

## Thursday, February 27

An Invitational Ladies Bridge-Luncheon will be held at the Hope Country Club at 12:30 p.m. Thursday, February 27. Hostesses will be Mrs. Thompson Evans, Jr., Mrs. Duifile D. Booth, Mrs. George Newbern, Mrs. E. E. Wassell. For reservations call Mrs. Evans, 7-2285, or Mrs. Wassell, 7-4191, on or before Monday, February 24. Mrs. Ed Creasey will cater the luncheon.

## Friday, February 28

The Friday Music Club will meet at 4 p.m. Friday, February 28 in the home of Mrs. Talbot Field, Jr. with Mrs. Roy Stephenson, co-hostess. The program will be "The Parade of American Music."

The Paisley Club Scout Pack 93 will have their gold and blue Banquet Friday, February 28 at 7 p.m. in the school cafeteria with a program proceeding in the school auditorium.

## Saturday, February 29

The Wesley Choir of the First Methodist Church will practice Saturday afternoon, February 29, at 5 o'clock in the Children's Building.

## Sunday, March 1

Sunday Evening at 6:30, the members of the Presbyterian Church will be entertained with a pot luck supper. Following the supper, members of the Senior R.Y.F. will present a world mission play entitled, "Embark of Tomorrow".

## Monday, March 2

Circle 4, WSCS, of the First Methodist Church will meet Monday, March 2 at 2 p.m. in the home of Mrs. Norman Moore.

with Mrs. Frank Walters as co-hostess. All members please bring world banks.

The Liberty Hill HD Club will meet Monday night, March 2 with Mrs. Jesse Powell at 7.

Circle 6, WSCS, of the First Methodist Church will meet in the home of Mrs. Albert Graves at 2 p.m. Monday, March 2. All members are urged to bring their World Banks. Pearl Owens, Chairman.

Circle 3, WSCS, or the First Methodist Church will meet Monday, March 2 at 2 p.m. in the Heritage House.

Mrs. George Peck, Hostess and Mrs. Bryon Hefner, Circle Chairman.

All members of Circle 1, WSCS, of the First Methodist Church are reminded to bring their world banks when they meet Monday, March 2 at 2 p.m. in the home of Mrs. M. L. Fox, Sr. with Mrs. P. H. Webb as co-hostess.

Circle 2, WSCS, of the First Methodist Church will meet Monday, March 2 in the Mary-Martha Class Room of the First Methodist Church at 2 p.m. Please bring world banks.

## Tuesday, March 3

The Alpha Delta Chapter Delta Kappa Gamma will celebrate its birthday with a tea honoring the past president Tuesday, March 3 at 4 p.m. in the home of Mrs. Virginia Jones. Mrs. Anna Mae Williams and Mrs. Mary Ann Herndon will be co-hostesses.

Members and associate members of the Ruth Sunday School Class, First Baptist Church, will invite their husbands to a chicken spaghetti supper, Tuesday, March 3, in the Fellowship Hall, 6:30 p.m. Hostesses will be Mrs. J. O. Luck and Mrs. Alice Roach.

The Women of the Executive Board of the Presbyterian Church will meet in the Chapel at 10 a.m.

## Engagement Announced

Miss Janice Elisabeth Bailey

Mr. and Mrs. William Dexter Bailey announce the engagement and approaching marriage of their daughter Janice Elisabeth to John Henry Harrison, son of Mr. and Mrs. John G. Harrison of Prescott.

The bride-elect is a 1962 graduate of Hope High School and

attended Henderson State Teachers College, until January. The groom-elect is a 1959 graduate of Prescott High School and attended Southern State College.

Vows will be exchanged in the Chapel of the First Methodist Church March 20, 1964.

## Centerville HD Club

On Wednesday, February 19 the Centerville Home Demonstration Club met in the home of Mrs. Vernie Goyes. The monthly meeting was called to order by the president, Mrs. J. W. McRoy, and for the Eye Opener Mrs. William Altom discussed "When, Why, and Where to Wear Gloves and How to Take Care of Them."

After the group had sung

"Work For the Night Is Coming," the hostess gave the devotion and Mrs. Dettie Duncan, Home Agent, concluded with prayer. Mrs. R. C. Snelgrove and Mrs. Altom brought the lesson on Fallout, and Mrs. Duncan showed a film about it.

Roll call was answered by 11 members, and there were also 5 guests, Mrs. Ernest Ridgill, Mrs. Early McWilliams, and Mrs. McRoy's two daughters.

Mrs. McWilliams won the door prize. For refreshments cookies, hot chocolate, and coffee were served. The March meeting will be with Mrs. Hugh Bearden.

## Tuesday Bridge Club

Mrs. Lyle Brown entertained her Tuesday Bridge Club on February 25, and the players included two club guests, Mrs. Thompson Evans, Jr. and Mrs. Byron Hefner.

One of the guests, Mrs. Evans, was high scorer for the afternoon, and Mrs. R. T. White was second high. Cake and coffee were served for refreshments.

## McKee - Osborn Wedding Party

Mr. and Mrs. Sloan Osborn and Mr. and Mrs. Claude Osborn of Friona, Texas, entertained the McKee - Osborn wedding party with a rehearsal dinner at the Heritage House Friday evening, February 21.

A beautiful arrangement of white stocks and greenery in a crystal bowl and white tapers, also in crystal, centered the table. The engaged couple, Miss Patricia McKee and Thomas Osborn, chose this time to present gifts to their attendants.

## Births

Mr. and Mrs. Johnny Joy, Fontana, Calif., are the parents of a baby girl born February 21. She's their second child and

their first daughter. She has been named Jenna Lynn. Paternal grandparents are Mr. and Mrs. M. C. Joy of Patmos.

## Coming and Going

Will Graves of Texarkana visited his cousin, Mrs. G. B. Morris, in Hope Tuesday.

Mr. and Mrs. Lloyd Coop have returned home from a recent visit in Hugo, Okla., with Mr. and Mrs. F. O. Deatherage and in Dallas with the Louis Howard family.

Mrs. Jewel Moore and Mrs. George Dodds visited one day last week in Naples, Tex., with the Fielding Huddleston family.

The Rev. Raymond Franks and the Rev. Gladwin Connell attended a call meeting of the General Conference of the Methodist Church held in Little Rock, this week.

Mrs. Doris Hightower and Cindy have returned to their home in Little Rock after spending the past week with their mother and grandmother, Mrs. Inez Huckabee who was a patient in a local hospital.

TURIN, Italy (AP)—The wife of a southern Italian laborer

## Queen Elizabeth Is Recovering

LONDON (AP)—Queen Mother Elizabeth will convalesce from her appendicitis operation aboard the royal yacht Britannia in the Caribbean next month, her household announced Wednesday night.

She will fly to Jamaica via New York by scheduled airliner, arriving March 12, and return to England April 1.

## Leaves Church Money, Security

UKIAH, Calif. (AP)—The Rev. Eldon Lewis left his church Wednesday to join the Navy for more money and greater security.

The Church of Christ pastor, 34, had served in the Navy 11 years before turning to the ministry three years ago. He will return in his old rating, radio-man, first class.

His wife, Evelyn, said that when her husband is able to retire from the Navy on pension in nine years they hope to go into evangelistic church work.

The Lewises have four children, ages 5 to 13.

who moved to this busy north Italian city to find work gave birth to quadruplets Wednesday. Doctors said Rosa Ferrara de Francesco, 26, and the four babies—three boys and a girl—were in good condition.

## This Old Indian Trick Failed

DENVER (AP)—An old Indian trick didn't work Wednesday for Charles Holmes, fireman say.

A fire investigator, Jim Jordan, said he arrested Holmes walking backward in snow three blocks from a fire alarm box where a false report had been sounded.

Holmes, 20, was jailed for investigation.

## 10th Straight Titan Success

CAPE KENNEDY, Fla. (AP)—A 5,800-mile strike into the South Atlantic marked the Titan 2 missile's 10th straight success.

The Air Force reported that the most powerful missile in the U.S. military arsenal achieved all flight objectives in Wednesday's launching. The Titan 2 has two more test launches scheduled.

## Man 48 Observes His 12th Birthday

DENVER (AP)—Charlotte Stone, 8, celebrates her second birthday Saturday and her father, Charles Stone, 48, will observe his 12th. Both were born on Feb. 29 in leap years.

## Radioactive Milk Shws an Increase

WASHINGTON (AP) — The amount of radioactive strontium 90 in milk rose slightly in November after having steadily decreased since June, the Public Health Service reported today.

The service pegged the average daily level for the nation in November at 25 picocuries per liter. In October the average was 23 picocuries.

But barring further nuclear weapons tests in the atmosphere, a Health Service spokesman said, the strontium level was not expected to approach the record 32 picocuries registered last June.

The spokesman said Health Service and dairy industry experts theorize the November increase resulted from a general shifting of dairy herds from pastures to stored feed supplies that contained higher amount of strontium 90 accumulated during the summer.

But all figures reported continued to be far below what are considered by the Federal Radiation Council to be an acceptable health risk. The figures for strontium 90 which are considered to be an acceptable health risk for the general population over a lifetime are 200 picocuries per day or a 12-month total of 73,000 picocuries.

A picocurie is one millionth of a curie. A curie is the equivalent of the radioactivity produced by one gram of radium.

Though the daily average levels increased during November for 37 of the 63 milk sampling stations, there was a drop from 54 to 50 picocuries for Minot, N.D., which has had the highest level in the nation since last fall. Minot's total for the 12 months ended Nov. 30 rose to 16,429 picocuries from 15,351 for the 12 months ended Oct. 31.

On the other side of the picture, the daily levels at Little Rock and New Orleans rose during November—from 36 to 41 and from 39 to 46. These two cities had the highest daily levels regularly before Minot moved ahead.

For the 12 months ended Nov. 30, Little Rock's total was 15,302 and that for New Orleans 14,917. The figures for the 12 months ended Oct. 31 had been 14,651 and 13,867, respectively.

## Wants Trustee to Handle Checks

JACKSON, Miss. (AP)—Former Gov. Ross Barnett had a court-appointed trustee today to handle an avalanche of \$1 checks destined for the family of a slain Mississippi Negro leader.

Barnett asked Chancery Court Wednesday that he be relieved of a flood of mail which he earlier termed a "harassment."

Chancery Judge E. W. Stennett named Marvin E. Collum, vice president of the First National Bank here, as trustee of the funds.

An estimated 5,000 envelopes filled a corner of Barnett's private law office containing checks made out to "Ross Barnett, trustee of memorial fund of family of Medgar Evers."

Evers, field secretary for the National Association for the Advancement of Colored People was slain by a sniper June 12 in front of his home.

Barnett said in his petition the fund is the result of a chain letter. Barnett left office Jan. 21.

At one time, Benton County was the chief apple producing county in the United States.

about \$5.6-million worth of equipment to make television tubes.  
The company is General Engineering (Radcliffe) Ltd. of Lancashire.

## Southerners Lose First Rights Battle

WASHINGTON (AP) — The first day's skirmish in the Senate on the civil rights bill has ended in a temporary defeat for Southern forces seeking to strangle the legislation.

After more than five hours of sharp debate the Senate voted Wednesday night 54-37 to put the bill directly on its agenda and not shunt it to the Judiciary Committee headed by a strong foe of the measure.

Senate Democratic leader Mike Mansfield surprised many senators who supported him in that vote by trying then to win unanimous consent to send the bill to Judiciary until March 4, next Wednesday.

This was blocked by Sen. Jacob K. Javits, R - N.Y., and Mansfield told newsmen today he probably would not renew the request.

He explained the period through March 4 would be filled anyway by debate on a wheat-cotton bill which will be taken up before the civil rights legislation. He said that he had become convinced a short series of hearings before the Judiciary Committee would be helpful.

## Jones Quits GOP Committee Post

LITTLE ROCK (AP) — Dr. Kenneth Jones, Republican candidate for the U.S. Senate in 1962, has resigned from the Pulaski County Republican Committee.

He quit after the committee refused to rebuke chairman Wayne Babbitt for taking sides in a party squabble.

Jones offered a resolution against Dr. Babbitt at Tuesday night's meeting. It was rejected.

Babbitt has sided with Winthrop Rockefeller, GOP national committeeman from Arkansas, in the feud with William Spicer, state GOP chairman.

Jones lost to Sen. J. William Fulbright, D-Ark., in 1962.

Babbitt had said he was speaking as an individual and not as the committee chairman. Jones said he could not "permit Babbitt to speak for me publicly."

The dispute in the party centers on Spicer's claim that Rockefeller wants to swing the state party behind his brother, New York Gov. Nelson Rockefeller, a candidate for the party presidential nomination. Spicer backs Sen. Barry Goldwater of Arizona, another presidential aspirant.

## Park Roads Before the Commission

LITTLE ROCK (AP) — The state Highway Commission took under advisement Wednesday requests for four delegations for park road improvements.

A Hot Springs group asked that county roads linking Point Cedar and Lake Hamilton be made part of the state highway system.

Bernard T. Campbell, superintendent of Hot Springs National Park, asked the commission to commit the state to improve U.S. 70 through the Gulph Gorge area of the park.

A delegation from Harrisburg asked that Arkansas 14 leading to Lake Poinsett State Park be paved.

A Pocahontas group asked for improvement of Arkansas 166 from U.S. 62 to Black Rock and improvement of a county road from Black Rock to Old Davidsonville State Park.

## Case Seems to Be Going Along

LITTLE ROCK (AP) — The case seemed to be going to the dogs, and Municipal Judge Quinn Glover wouldn't put up with it.

He told the attorneys to settle it out of court or else.

The case: Mrs. Lillian Baker Galyon filed suit against Mrs. Martha Upton for custody of Sandy, a 10-month-old half-Machester and half-chihuahua dog. Mrs. Upton has Sandy.

Roy Finch Jr. is the attorney for Mrs. Galyon, and Mrs. Upton is represented by Harold King.

Glover's "or else" involved two plans:

—To award custody to the women on alternating days, with the attorneys appointed to deliver the dog to and from the residences.

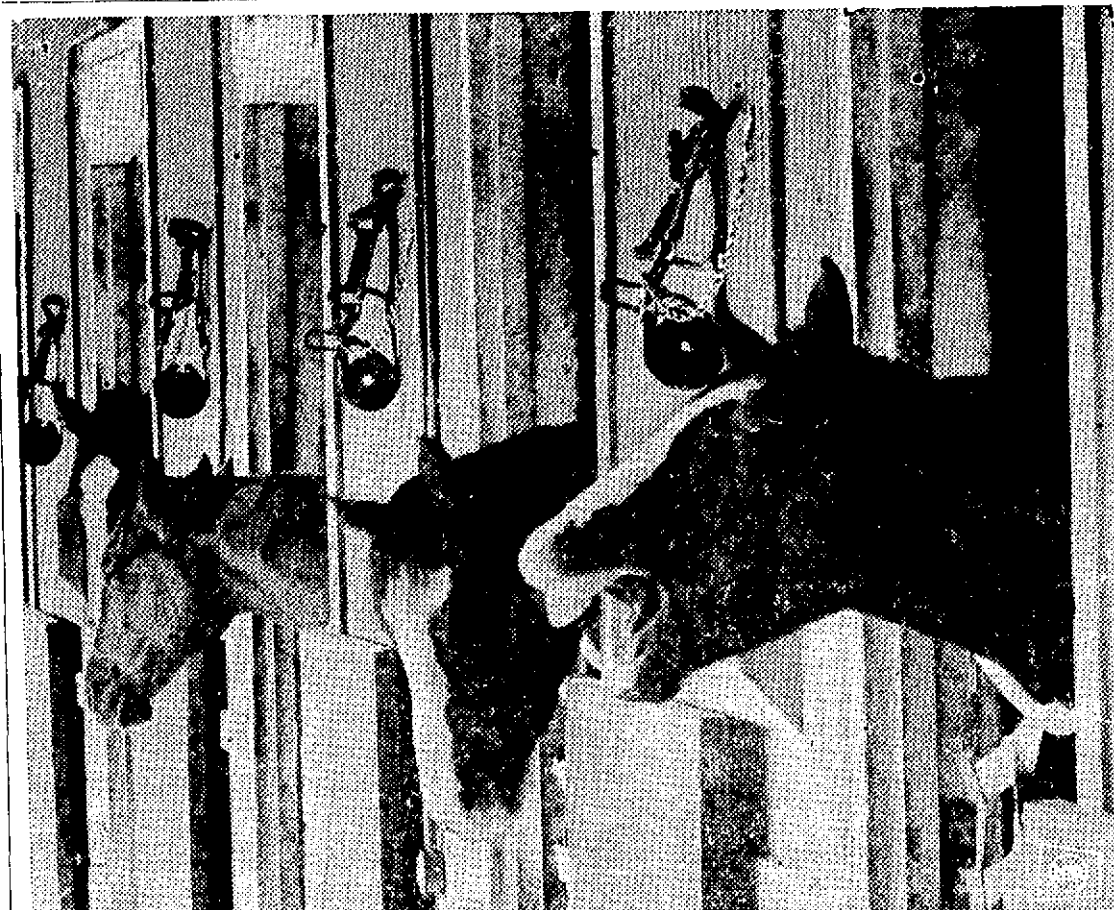

—Or to appoint Ben Shelly, a hotel manager, to arbitrate the case. Both women are waitresses in the hotel's coffee shop, working the same shift.

## With Minority

WASHINGTON (AP) — Rep. E. C. Gathings, D-Ark., voted with the minority Tuesday as the House voted 326-83 to send the bill to the Senate a compromise \$11.5 billion tax reduction bill. Reps. Wilbur Mills, Oren Harris and James Trimble, all Democrats of Arkansas, voted for the bill.

**MEN OF POSITION**—Canadian goalie Jim Broderick has his face masked for protection but he is unable to protect the net as Paul Johnson, 12, of West St. Paul, Minn., scores for the United States in hockey game at the Winter Olympics at Innsbruck, Austria.

**NEIGHS AYE**—One of the newcomers in the receiving barn lets handlers know he would like to get some exercise on the Belmont Park training track. Thoroughbreds are arriving from all parts to begin training for the Aqueduct opening of the New York thoroughbred racing season March 16.

**LBJ AIDE**—Dr. Eric F. Goldman, professor of history at Princeton University, has been named by President Johnson to serve as co-ordinator for the reception of the work of the nation's scholars and specialists.

**TEEN CHIEF**—Linda Evans, an actress in Walt Disney films, has been named national teen-age chairman of the 1964 Easter Seal campaign, March 1-29.

## Methodists to Sell Headquarters

LITTLE ROCK (AP) — The Methodist Church Conference, at a special meeting Wednesday, decided to sell its headquarters building at Little Rock and construct a new one.

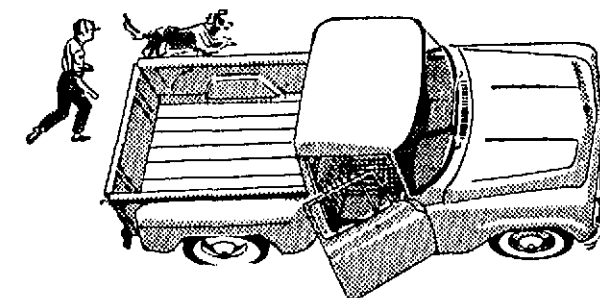

The present structure, built in 1956, will be sold for \$100,000 to an unnamed buyer.

The new building will contain 6,500 square feet of floor space, 2,500 more than the present one has.

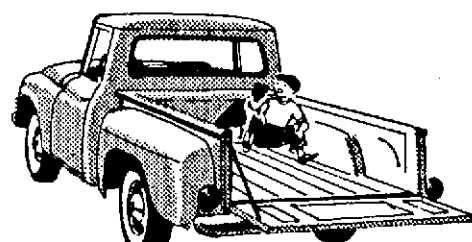

## Appeal Conviction

LITTLE ROCK (AP) — Atty. Gen. Bruce Bennett said Tuesday Frank James Lupper, 20, and Thomas B. Robinson, 20, Negroes of Little Rock, have appealed their convictions un-

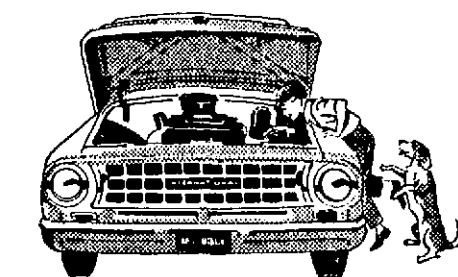

der Act 14 of 1959, an anti-sit-in law, to the U.S. Supreme court. They were convicted in sit-in demonstrations April 13, 1960, in downtown Little Rock. The court will probably uphold the act, he said.

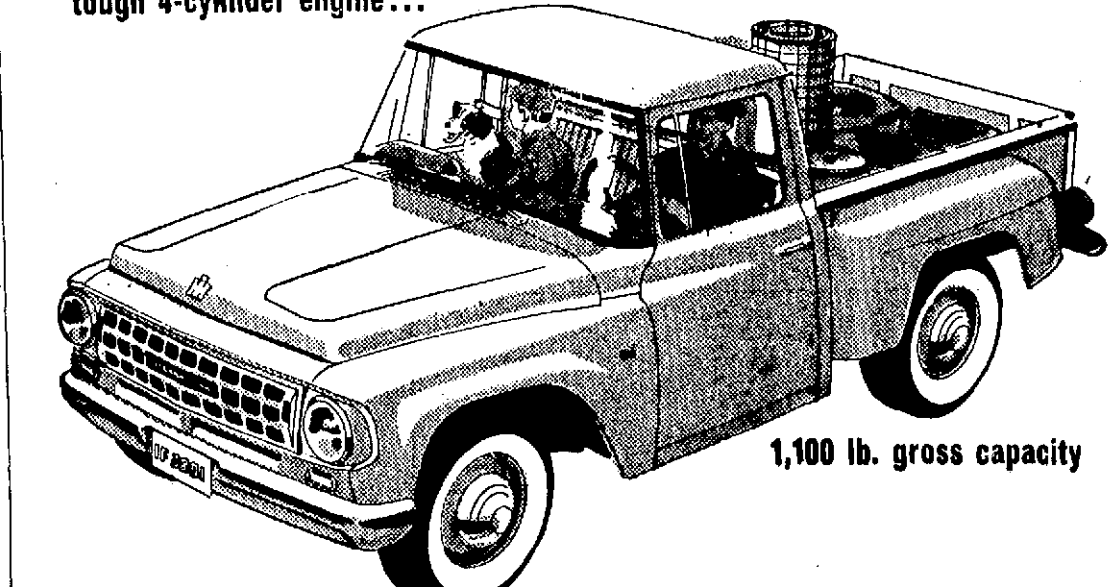

It has a short 107-inch wheelbase...

Has Chance at Scoring Honors

NEW YORK (AP) — Howard Komives, Bowling Green's torrid pointmaker, has a chance to record the third highest season scoring average in major college history.

Komives is scoring at a pace of 36.1 points a game, National Collegiate Athletic Bureau statistics disclosed today. He has been hitting an average of 40 points a game since Jan. 24.

The over-all mark of the 6-foot-1 senior ranks behind Frank Sely's 41.7 average for Furman in 1954 and Bill McGill's 38.8 for Utah in 1962. Darrell Floyd of Furman currently is third with 35.9.

Princeton's Bill Bradley, who most likely will establish an Ivy League season scoring record this weekend, moved up to second place in the scoring race. He's hitting 32.9 points a game, just ahead of the 32.8 average of Western Michigan's Manny Newsome.

Clay Visions a Purse of a Million Dollars

By MURRAY ROSE  
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—Visions of million dollar purses danced in Cassius Clay's head today as he looked ahead to a bright future and more chances to upset the alleged experts.

The newly crowned heavyweight champion has an Army hitch in view and possible title fights with the dethroned and deflated Sonny Liston, Doug Jones, Eddie Machen and Floyd Patterson, among others.

Despite his all-conquering record and his conquest of the Big Bear on a seventh-round technical knockout Tuesday night, the chances are that nimble Cassius wouldn't rate better than even money with any of them. He was a 7-1 long shot against Liston.

Thus there were possibilities of huge live gates as well as multimillion dollar closed circuit telecasts for his future fights.

These depend, of course, on his service status. Bill Faverham, the manager of record for the 11-man Kentucky syndicate of businessmen that control him, explained the situation: "The Selective Service people deferred Cassius until after the fight and until he has sufficient time to put his affairs in order," he said. "After he takes a vacation, he and I will sit down and talk about whether it would be advisable to go into the Reserves and serve six months with periodic service or go into the Army for two years."

In either case, Clay's title would be put on ice for him until his return.

Meanwhile Liston, his injured left arm in a sling, prepared to leave for his home in Denver.

The 30-year-old ex-champion and the fight itself were cleared by the Miami Beach Boxing Commission Wednesday.

Eight doctors, including Dr. Lester Rassin, a prominent orthopedic specialist, said Liston had suffered a torn muscle in his left shoulder and would not have been able to defend himself if he had continued after the sixth round.

Morris Klein, chairman of the commission, said in view of the report the commissioners were satisfied there was "no wrong doing" and advised the promoters that Liston's \$370,000 gate purse could be released.

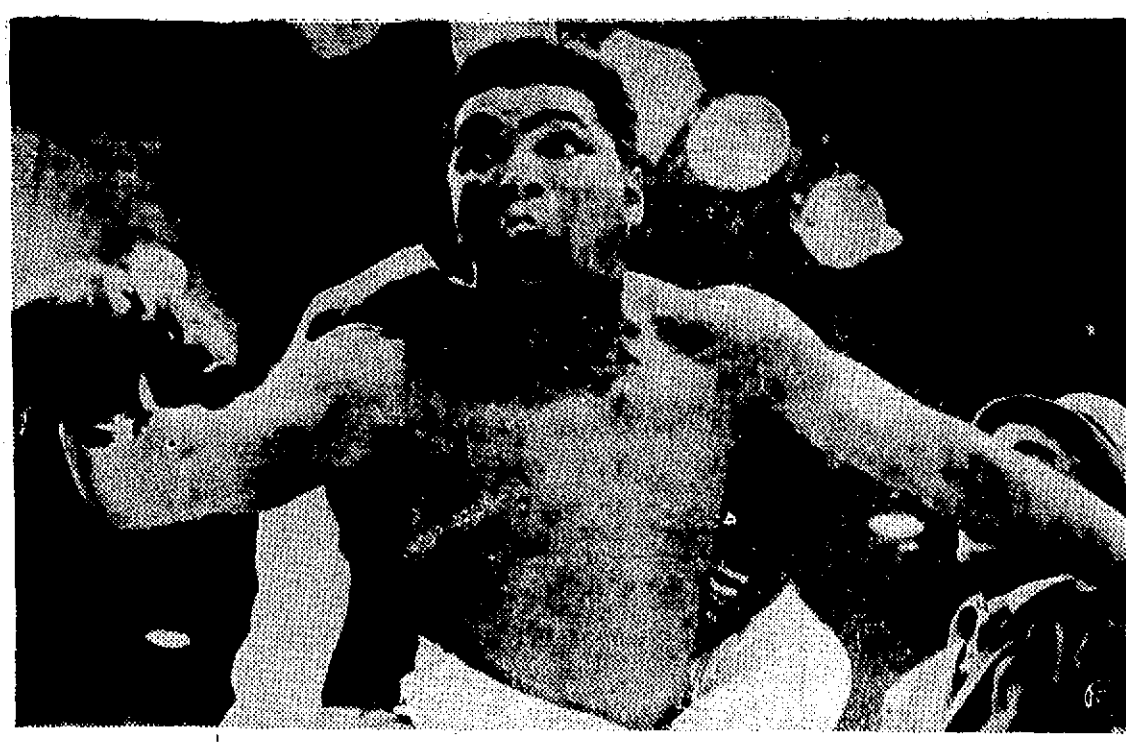

"The people got a good run for their money and a good fight," he said.

He said the commission would turn over the medical reports as requested by Richard Gerstein, state attorney (district attorney) in Dade County. Klein, an attorney, is an aide in Gerstein's office.

Gerstein said he had no complaints and no evidence that the fight was not completely regular but said he wanted the reports studied by official doctors to determine if there was any basis for action by his office.

Liston, wearing dark glasses to cover puffed eyes and the cut under his left eye, said he suffered his injury in the first round.

He repeated over and over: "I am the king. I am the great-

NEW CHAMP — "I'm the champ!" screams Cassius Clay as his handlers hug him after he defeated Sonny Liston for the Heavyweight title in Miami Beach, Fla. Clay was credited with a seventh-round TKO when Liston was unable to answer the bell because of a shoulder injury suffered in the first round.

est. I can whip any man in the world. I float like a butterfly, sting like a bee, rumble, man, rumble."

It was a scary incident. Clay's eyes closed wild and almost dozy. Veins stuck out on his neck. He ranted hysterically.

Calloused sports writers, witnesses to the unsettling scene, were awe struck. They got into little clusters and whispered their alarm. This man isn't right, they said. He shouldn't be allowed in the ring.

The Miami Beach Boxing Commission fined him \$2,500. The commission doctor reported ominously, "this boy is scared to death. He is emotionally unstable. He is burning away his energy at an alarming rate."

Anyone who might have harbored thoughts that Clay had a chance against the big, bruising Liston quickly changed their minds. This definitely was a show of pre-fight panic, they reasoned.

The doctor counted Cassius' pulse and found it a runaway 120, compared with a normal 54. This was a further sign of freezing fear, he said.

Cassius proved he can even change the pace of his heart beat to carry out any sort of playful hoax.

Two hours before fight time, his pulse was sound 64. He showed absolutely no sign of fear as he toyed with the seppie fists of the mighty Liston and finally slashed the champion into submission.

"It was just a game," Clay acknowledged later, in chiding the newspapermen. "You were too blind to see it."

On the day after the fight, Cassius showed up for a scheduled post-bout interview. He wore a conservative brown tweed jacket and slacks. He carried no banniers. His vocal entourage did not accompany him.

When he faced the reporters, his voice was low and modulated, so controlled that many of the men in the room couldn't hear his answers, even with the help of a microphone.

"I have proved my point, and now I have quit talking," Cassius said. "I am champion. I don't have to talk bold any more. I plan to be a perfect gentleman."

The press corps, weary at trying to keep pace with his antics, gave him a booming ovation.

Hope Star SPORTS

Happenings in Ranks of Pro Cagers

By JACK STEVENSON  
SAN FRANCISCO (AP) —

Check the standings, the box score... compare them with a year ago and you might well wonder... just what has happened in the National Basketball Association.

San Francisco's Warriors are on top in the Western Division where a year ago they wound up in fourth place with a 31-49 record.

The starting line-up has the same names as a year ago.

The difference... they're giving Will Chamberlain some scoring help and the club has some depth.

Alex Hannum, who took over as coach this season, puts it this way: "What we've got now mainly is the confidence. They don't panic. Early in the season they would panic... worry about getting the ball to Wilt. And the record last year was not an indication of the caliber of this team."

Tonight the Warriors open a critical test with five games in five nights, four of them on the road. Starting at St. Louis, the club travels to Boston, New York and Detroit before returning to meet St. Louis at the Cow Palace.

Chamberlain's help comes in many ways. But they kept their fingers crossed. Tomorrow is another day, and Cassius may be back with his cane and his frayed, worn-out refrain: "My name is magic. I'm the est, I'm the double greatest. I am so beautiful it frightens me."

Next: Cassius, fighter or fake.

Saratoga Is Ousted in Emmet Meet

Hempstead's luckless Saratoga boys were ousted last night in the District 7 B boys tournament at Emmet. The margin was by a single point, 54 to 53, at the hands of an old foe, Genoa Central.

In other games Garland racked out a 58 to 40 decision over Umpire and Glenwood took the measure of Dierks 53 to 40.

Three games are on tap tonight:

6 p.m. Blevins vs Delight  
7:20 Amity vs Kirby  
8:40 Garland vs Genoa Central

MIAMI, Fla. — Scatterhawk Dixon, 169, Miami, knocked out Eddie Agin, 166, Key West, Fla., 3.

from many. Wayne Hightower, in his second NBA season, has the experience and fits in at forward after being center most of his career. At 6-9, he complements the 7-1 Chamberlain. Tom Meschery provides power at the other forward.

In the back court are veteran Guy Rodgers, Gary Phillips who gained needed experience in 1962-63 and Al Attles, the speedy No. 3 man.

Rookies Nate Thurmond and Gary Hill fill key reserve roles.

The Officers Gun Down the Violets

By MURRAY CHASS  
Associated Press Sports Writer

NYU, which locked up a basketball tournament berth last week despite being handcuffed much of the season, should've blown the whistle on Creighton's Officer a second sooner.

As the battle turned out, the Officer — Chuck Officer to be exact — gunned down the Violets 88-86 Wednesday night with a last-second jump shot which climaxed a tremendous second-half performance.

Providence, meanwhile, is thinking of bringing back witch-rails.

NYU's Violets, National Invitation Tournament entry, appeared to be on their way to an easy decision over NCAA-bound Creighton, leading by 11 points with 5½ minutes to go.

But the way the Violets have been going this year they would lose a game of cops and robbers if they were the cops and had Elliott Ness on their side.

Appropriately, then, Officer — scoring four straight field goals — led a Creighton rally that sliced NYU's lead to 81-80. Shortly afterward the 6-foot-3 senior tied the game 84-84, and Harry Forehand put the Blue-jays ahead 86-84.

Barry Kramer brought the Violets even 86-86 with 15 seconds left, but that merely set up Officer's winning shot.

No one can blame Providence for thinking it is bewitched. The Friars won the NIT championship last year but bypassed the New York tournament this season for a spot in the NCAA postseason play. Since making that fateful decision, Providence has lost two consecutive games.

St. Bonaventure, an NIT team edged the Friars 79-75 in overtime last Saturday night. Then, Wednesday night, St. Joseph's, a very strong candidate for the NIT, defeated them 67-62. That left Providence with an 18-5 record.

St. Joseph's stymied the cursed Friars not by sticking pins in a voodoo doll but by switching back and forth from a zone defense to a tight man-to-man.

The losers connected on 50 per cent of their shots but could not shoot often enough. They tried 44 shots to 62 for St. Joseph's, which has 17 victories in 25 starts.

Louisville, another NCAA entry, also lost its second straight game, 70-66 to ninth-ranked DePaul, which is headed for the NIT.

Two other NCAA teams won — Villanova, No. 8 in the nation, handed Marquette its 13th straight loss 67-64, and Texas Western beat North Texas 62-56 with a tip-in and five free throws in a row.

Willie Somers' nine points in a little more than a minute late in the second half sparked Duquesne to an 86-80 triumph over St. Bonaventure in a battle of NIT selections. Pittsburgh, another NIT entry, trampled Tech 98-62.

No Player Able to Solve Goalie

By THE ASSOCIATED PRESS

Forgive Punch Imlach if he can't figure out Montreal goalie Charlie Hodge. None of Imlach's Toronto Maple Leaf hockey players has been able to solve Hodge lately, either.

The National Hockey League Stanley Cup champions had gone slightly more than two games without scoring a goal against Hodge. But that was before Imlach, Toronto's general manager and coach, swung a mammoth seven player trade with New York acquiring two accomplished 200-goal scorers, Andy Bathgate and Don McKenney, to beef up his club's firepower.

The new look Leafs took on Hodge again Wednesday and all they got was another great big shutout. Bernie Geoffrion's second period goal was all Hodge needed as he blanked the Leafs, 1-0.

Just Dig That Crazy New Champion

By WILL GRIMSLEY  
Associated Press Sports Writer

MIAMI BEACH, Fla. (AP)—One moment he is a raving, ranting maniac—stomping back and forth with a cane, his eyes glassy, his mouth pouring out words like water spilling over a broken dike.

The next moment he is quiet and subdued, almost modest, speaking in tones hardly audible to the crowd.

Now he is a reluctant dragon. "I don't like to fight," he says. "I don't like to hurt people. I don't like to get hit. I do it just to make a living. I may retire."

The words have hardly left their echo when he bristles like a finely trained fighting cock and snaps:

"I can whip any man in the world—I'll fight two a night just to prove I'm right."

Such is the paradox of Cassius Marcellus Clay, the new heavyweight boxing champion of the world.

Thirty-six hours after he had left the fearsome, reportedly unbeatable Sonny Liston a bleeding, battered hulk slumped in defeat on the corner stool, Clay continued to be a complete enigma to the men who follow the fortunes of this always confounding sport.

Is he a charlatan and a hoax? Or is he—as he so proudly proclaims for the universe to hear—the boxing wizard of the age? Is he an obnoxious, blabbering loud-mouth, whistling past the grave yard to mask his own inadequacies? Or is he the golden boy, the hero on a white charger destined to ride away with the pretty damsel in the final reel?

Cassius seems determined never to let anyone—not even his closest associates—know.

There is a faint suspicion that all of this is a big game to the handsome, 22-year-old descendant of neighborhood rival Carnegie Tech 98-62.

Differences on Success of Boycott

BOSTON — Education officials and Negro civil rights spokesman differed sharply today over Wednesday's boycott in which more than 10,000 children stayed away from public school classes.

The Rev. James P. Breeden, a Negro Episcopal minister who was cochairman of the "Stay out for freedom" demonstration, said he viewed it as a "complete success."

But School Supt. William H. Ohrenberger said, "I cannot view this event as a victory for anyone."

Ohrenberger said the boycott served only to "alienate the colored and white children in our schools. Unhappily a color line is being drawn that never before existed."

The school department counted 20,571 pupils absent from the city's high, junior high and elementary schools, out of a total enrollment of 92,844, including an estimated 14,000 Negroes.

The department said absences on a normal day total some 9,000 or about 10 per cent, hence the boycott could be viewed as responsible for something more than 10,000 absences.

Last June 18, when the civil rights forces staged their first boycott to call attention to charges of de facto segregation in the schools, an estimated 3,000 pupils stayed away from junior and senior high schools.

ant of a Kentucky runaway slave. He seems to get a pukeish, even fiendish delight out of confounding the world.

"He is a terrific kid," says Clay's trainer, Angelo Dundee. "A perfect athlete, easy to handle, but no one really knows him. In public, he is loud and brash, but it's all an act. In private, he is a very serious, studious youngster."

"You wouldn't believe it, but he likes to read books. He will listen to music, good music, by the hours. He thinks a lot and he worries a lot—about the welfare of his race and the start of the world."

On Tuesday at the pre-noon weigh-in prior to his 15-round championship bout against Liston, a prohibitive 7-1 favorite, Clay made an appearance at Convention Hall which left 300 on-lookers in a near state of shock.

While his retinue of odd friends carried banners and screamed slogans, Cassius stormed over the stage like a berserk madman. He banged his walking stick against the wooden floor. He belted insults and brandished a fist at his opponent.

## Calendar of Events

The Music Department of Yerger High School, under the direction of Mrs. Edna Tyus Spearman, will present the teachers of the Yerger School System in a talent program, Friday night February 28, 1964, at 8 o'clock in the Harris Gymnasium. The teachers will entertain you with vocal and instrumental music, dances, side-splitting jokes and poems in Spanish (interpreted). Admission: 15, 25, and 35c.

The Usher Board of the BeBee Memorial C.M.E. Church will sponsor a "City-wide Senior Singing" at the church Sunday, March 1, 1964, at 3 o'clock p.m. All senior citizens of the city are invited to participate. Rev L. T. Turner, Pastor.

## UN Searches for Cyprus Solution

By MILTON BESSER

UNITED NATIONS, N. Y. (AP)—U.N. diplomats turned to the Security Council once more today in an effort to resolve the crisis over Cyprus. But there was scant hope that agreement was in prospect on a formula for a settlement.

In advance of the afternoon council meeting interest centered on the mediation efforts of the six nonpermanent members of the 11-nation council. They took over after Secretary-General U Thant announced that his private diplomatic efforts had met with an impasse.

The six are Bolivia, Brazil, Czechoslovakia, the Ivory Coast, Morocco and Norway. Ambassador Carlos Alfredo Bernardes of Brazil, president of the council, met separately late Wednesday with representatives of Cyprus, Turkey, Greece and Britain and then reported back to the six-nation group.

Diplomats speculated the six might concentrate on a resolution to send a high ranking civilian mediator to Cyprus. He would try to settle the dispute over the constitution that exploded in violence between Greek and Turkish Cypriots in late December.

This would set aside temporarily the question of dispatching an international peace force and council action calling on all nations to respect the territorial integrity of the Mediterranean island republic.

The Greek Cypriot president of Cyprus, Archbishop Makarios, wants to amend his republic's constitution to remove the Turkish Cypriot minority's veto right on basic legislation.

The Turkish minority contends that the constitutional guarantees of their minority rights and the treaty right of Britain and Turkey to intervene are their chief protection against being massacred by the Greek Cypriot majority. They are demanding partition of Cyprus between the two communities.

## Political Candidates

The Star is authorized to announce that the following are candidates for public office subject to action of the Democratic elections in July and August:

**For Sheriff & Collector**

**For Tax Assessor**  
**CARTER SUTTON**

**For Treasurer**  
**HARRY HAWTHORNE**

**For Circuit Clerk**  
**JIM COLE**

## Ex-Governor Homer Adkins Dies at 73

MALVERN (UPI)—Homer Adkins, who served as Arkansas governor from 1941-45, died in a hospital here Wednesday night. He was 73. Adkins entered the hospital Feb. 17 after recurrence of a heart ailment. He is survived by his widow, Mrs. Estelle Smith Adkins, and two sisters, Mrs. Douglas Hanley of Nashville, Tenn., and Mrs. Gladys Pearson of Texas.

Adkins won the governor's office by defeating incumbent Carl E. Bailey's try for a third term.

He considered the refunding of the state's 137 million highway debt, through a bond issue bought by the Reconstruction Finance Corp., the high points of his office. He also was responsible for construction in Arkansas of defense plants and military installations which cost around \$300 million. Many of the plants were bought by private firms and now provide some of the state's largest payrolls.

Adkins ran for the Senate in 1944, but lost to then Rep. J.W. Fulbright in what was called a "million dollar race."

Adkins was born Oct. 15, 1890, near Jacksonville. His father, Lis Adkins, died when he was less than two years old. The future governor worked on his grandfather's farm until 1900 when the family moved to Little Rock. He worked briefly in a grocery store in North Little Rock and then turned to soliciting advertising and making collections for a newspaper. After that he worked in a drugstore and as manager of a coal and building materials company.

He enlisted in the Army in 1917 as a medical corpsman and served 15 months overseas, leaving service as a captain. While he was in the Army, he met a Red Cross nurse. They were married at Shreveport, La., Dec. 18, 1918. Less than a week earlier he had announced for sheriff of Pulaski County.

Adkins served two terms as sheriff and then went into insurance. He campaigned for President Franklin D. Roosevelt and was rewarded with appointment as Collector of Internal Revenue for Arkansas in 1933. He held the post until 1940 when he resigned to run for

## Sinatra Jr. Will Return to Stand

By JAMES BACON

LOS ANGELES (AP)—Frank Sinatra Jr. is scheduled to return to the witness stand today in the wake of two sensational exhibits introduced by the prosecution at the trial of three men accused of kidnapping the young singer.

A letter and a statement offered in evidence Wednesday over vigorous defense objections. In the letter one defendant purportedly anticipated his arrest for kidnapping. The statement was given to the FBI by another defendant, following his arrest, said the government. The prosecution is expected to close its case today, and Sinatra is slated to be the first key witness called by the defense.

Barry Keenan, 23; Joseph Amster, 23; and John Irwin, 42, are accused of kidnapping the son of the famed star from his Lake Tahoe, Nev., motel room last Dec. 8. The 20-year-old Sinatra was released unharmed 56 hours later after payment of \$240,000 ransom, most of which was recovered.

The letter introduced Wednesday was one the government says was written by Keenan to his parents. An FBI man got it from a safety deposit box which Keenan shared with rock 'n' roll singer Dean Torrence. Dated Oct. 24, 1963—the time the government contends the kidnapping was already in the planned stage—it was addressed to "my parents and loved ones."

"If you read this letter, I am either dead or under arrest for felony kidnapping. If I am convicted, you must consider me as being dead, as I will be in prison at least 10 years," the letter said.

A statement made by Irwin to the FBI when he surrendered also was read into the record. According to the statement, Irwin, who met Barry when he was a child, said:

In a 1937 race he helped John E. Miller defeat Bailey for the Senate when a special election was held after the death of Sen. Joe T. Robinson.

## Last Witnesses in Hoffa Case

CHATTANOOGA, Tenn. (AP)—The last of nearly a hundred witnesses will testify today as the government concludes its rebuttal testimony in the James R. Hoffa jury-tampering trial.

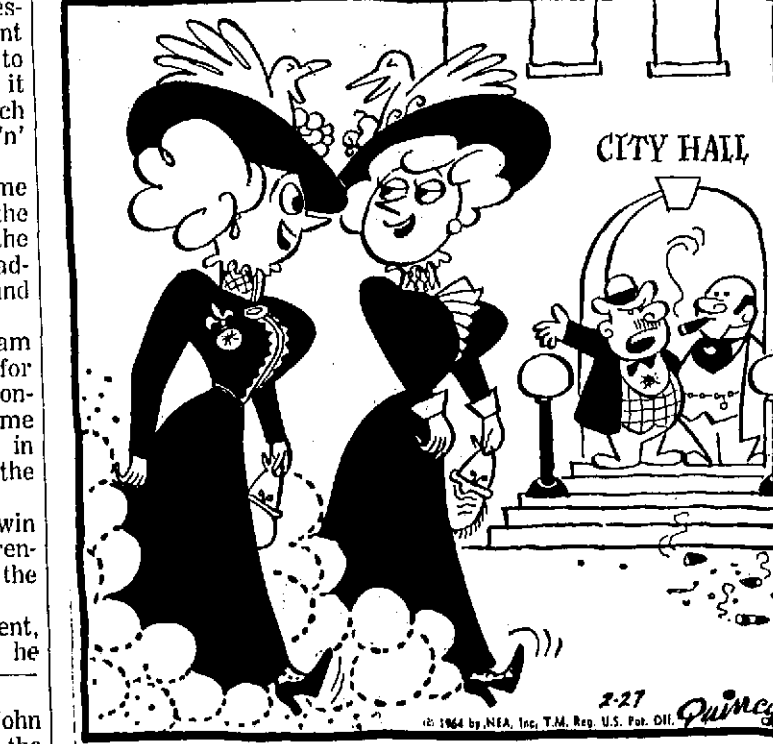

Final arguments are expected to start by Monday, and attorneys predict the case will reach the jury by Tuesday night. The trial began Jan. 20. The Teamsters Union president and five others on trial with him are charged with trying to fix his 1962 conspiracy trial jury at Nashville. That case ended in a mistrial with the jury deadlocked.

The defense wound up a week and a half of testimony Wednesday, a day after Hoffa's appearance in the witness chair. All six defendants denied they ever tried to contact or bribe jurors in the Nashville trial. The defense wound up a week and a half of testimony Wednesday, a day after Hoffa's appearance in the witness chair. All six defendants denied they ever tried to contact or bribe jurors in the Nashville trial.

dated his mother in 1958 for six months, became involved in the alleged kidnapping on Dec. 9. The statement said Irwin agreed to make the telephone calls to the Elder Sinatra for \$50,000.

# Sonic Boom Tests May Be Moved

By JERRY SCARBROUGH

OKLAHOMA CITY (AP) — The Federal Aviation Agency may be forced to find a new laboratory for its sonic boom tests. The City Council voted 7-0 Tuesday to ask suspension of the supersonic flights.

The council asked a three-month suspension and an FAA spokesman said he understands the tests will be halted when an official copy of the council's action reaches Washington.

Gordon Bain, deputy FAA administrator in charge of supersonic development, said prior to the beginning of the tests Feb. 3 if Oklahoma City residents reacted adversely to the sonic booms an alternate site for the experiments might be selected.

But citizens' groups already are trying to counteract the action of the City Council. The Chamber of Commerce adopted a resolution Tuesday urging continuation of the tests which are designed to determine the effect of repeated sonic booms before approving development of commercial supersonic transport planes.

Another group organized as

SPACE AGE "COVERED WAGON"—Covering on this barge approaching Cape Kennedy, Fla., recalls the canvas hoods of the pioneers' Conestoga wagons. In this vehicle for pioneers of the space age, however, is the S-1 first-stage booster for the Saturn, mightiest of Uncle Sam's rockets.

Citizens for Progress of Oklahoma City is circulating a petition urging the council to with-

## Roaring 60s Too Much Like the 20s

EDITOR'S NOTE—The specter of 1929 still haunts the memories of many who try to assess today's jaunty optimism. How the 1920s and the 1960s are alike, and unlike, is described by Sam Dawson, AP business news analyst, in this, the fourth of five articles on this decade's course.

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — The "Soaring Sixties" and the "Roaring Twenties" sound alike to many people—too much alike for entire comfort.

But the two decades have sharp differences. And in the minds of many Americans, right now anyway, the differences are uppermost.

Neither decade was without its setbacks.

The late 1920s saw stock speculation far outstripping anything the '60s have produced so far. It was an era of credit expansion, with the newly-organized Federal Reserve System assigned the task of providing enough credit for a growing economy, but policing excesses.

It was also an era of chicanery, of swindles in the stock market, in banking, in industry. It was an era of the fast buck and endless opportunity.

Some point out that the 1960s have all these things. Outstanding credit is at a record high. Trading on the New York Stock Exchange has topped the volume of 1929, the old champ. Many stock prices are at record highs. So are corporate earnings. Speculative flurries have burned many fingers.

Business swindles have sent executives fleeing to Brazil. Commodity and stock scandals have toppled firms, brought court action. Confidence has been widely expressed in the licking, or at least the flattening, of the business cycle.

But the differences between the two decades are important.

Credit expansion and contraction is more skillfully handled today, thanks to experience from past errors. Security markets are regulated now, and even stricter policing is being studied. Chicanery can be detected earlier, and retribution is swifter.

The business cycle of ups and downs probably hasn't been licked. What many dub the welfare state has furnished cushions for the worst bumps. Social Security, corporate pensions, jobless pay benefits, a start at retraining programs, all help ease the burden for the unemployed. They also help the economy by furnishing purchasing power once unknown.

The roles of government and business in regulating the economy have changed too.

Business is more cautious now, more aware that excesses such as marked and marred the '20s are to be avoided. Self-regulation — both out of self-interest and to stave off government intervention—is common at the company level, the industry level, and through organizations representing all business.

Government has taken on the task of easing recessions, fostering recoveries. Public works is the oldest spending tool, but also now used as defense, research and welfare programs.

It's this new look for the Sixties—in government, in business in labor—that lends confidence to those who see greater prosperity ahead, with only minor hesitations.

Next: Secret weapons of the prosperity planners.

draw its protest. The council's action followed a session in which persons opposing the booms protested the flights which occur as many as eight times daily. About five more months of testing is scheduled.

The council also asked the FAA to furnish it with data collected from the tests already conducted.

Oklahoma City was selected for the tests because it is the home of the FAA's aeronautical center and Tinker Air Force Base.

ISGW GAL—Chris Noel is "most watchable actress of 1964." That's what the International Society of Girl Watchers states—and who's to argue with experts?

## Fashion Favorite

THE semi-fitted dress is an outstanding favorite for '64. The line and fit so important to the attractiveness of this design, are achieved with the help of the Talon nylon coil Zephyr, the zipper so flexible that it flows in unison with the fabric. Here's a tip: the expert seamstress presses as she sews, always using a press cloth over fine fabrics and nylon coil zippers. Above is a stunning Butterick pattern—#2995.

Government has taken on the task of easing recessions, fostering recoveries. Public works is the oldest spending tool, but also now used as defense, research and welfare programs.

It's this new look for the Sixties—in government, in business in labor—that lends confidence to those who see greater prosperity ahead, with only minor hesitations.

## Russia Hints Change in Economy Plan

An AP News Analysis  
By PRESTON GROVER

MOSCOW (AP) — A Soviet economist's call for increased emphasis on production of consumer goods appeared today to signal a significant change in the Soviet Union's economic policy.

Writing in the Communist party organ Pravda, economist Anushavan Arzumanyan called for a "narrowing" of the production gap between consumer goods and heavy industry and cited the American economy as an example.

Arzumanyan noted that the United States has steadily increased the proportion of consumer goods produced without sacrificing heavy industry.

Arzumanyan once was one of the most vocal of those insisting that consumer goods should wait. His change of position apparently followed a policy battle among Communist party leaders.

Once more the blame for Soviet economic shortcomings fell on Stalin. Arzumanyan accused him of "ignoring personal consumption as an integral part of production and indispensable condition of its fast pace."

Arzumanyan said the United States started showing the way as early as the middle of the last century and demonstrated how efficient production and intelligent use of new materials can step up consumer production and at the same time pile up capital for more industrial production.

Under the Soviet system, workers and peasants have been obliged to work hard and get little while the country built up its capital structure.

## Nazi Leader in Arkansas Visit

LITTLE ROCK (AP)—George Lincoln Rockwell came to Little Rock Tuesday to do some organizing for the American Nazi Party.

Rockwell, who calls himself fuhrer of the party, said he was trying to organize a "right wing" movement.

His party has six members in the Little Rock area, he said, "but we've got a lot who are not members who read our literature, who can't get out and work on the streets."

He declined to say who he was seeing in Little Rock.

## Wonders About Change of Name

HELENA, Mont. (AP)—Crow chieftain Henry Oldcoyote told the Montana Highway Commission Tuesday there is a natural rock formation the Indians always called hole-in-rock.

"Then the National Park Service came along and changed the name to Jughandle," he said. "I don't know why."

## Access Road

LITTLE ROCK (AP) — Gov. Orval E. Faubus dedicated a state Highway Department maintenance facility south of Little Rock Tuesday. He advocated a system of access roads to Arkansas lakes and he said revenue from tourists would pay for the roads to lakes such as Greer's Ferry Reservoir and Beaver Reservoir.

failed to pay state income tax on \$84,200 earnings in 1959-62. The tax, with penalties, amounts to \$4,742.

Fernandez, who appears in the "Untouchables" series on television said, "I don't know much about bookkeeping."

## Farm Bill to Allow Grain Production

WASHINGTON (AP) — The farm bill the administration hopes to get to the Senate floor this week would allow cotton farmers to increase production of livestock feed grains at a time when the government is offering payments to farmers for reducing production of such grains.

Farm experts predict that at least one million acres the bill would take out of cotton production would be planted to corn and other feed grains. In addition, some cotton land would be planted to soybeans — a crop now having price and market difficulties.

These seeming inconsistencies in government farm policy are expected to become a major point of dispute in the farm bill debate.

The cotton section of the bill would offer cotton farmers price support premiums of at least 3.5 cents a pound on the

**\$30,000 Loan**  
By THE ASSOCIATED PRESS  
LITTLE ROCK (AP) — The Little Rock Sanitary Sewer Commission asked the federal Housing and Home Finance Agency Tuesday for a \$30,000 loan to finance an engineering study to improve the city sewer system. The study would decide how Little Rock should treat the 30 per cent of its sewage which now is dumped into the Arkansas River.

cotton they produced if they cut back plantings a specified percentage. The land diverted from cotton under this payment program could go into other crops not under mandatory controls. Feed grains and soybeans fall into this latter category.

Backers of the farm bill say that the putting of one million acres of cotton land into feed grains would have little impact on feed grain production. They say acre yields generally run much smaller in the cotton areas than in the midwest.

Furthermore, they add, the cotton South is a deficit feed grain area. This is, it does not produce enough grain to meet its own needs.

## China Says U.S. Must Withdraw

DACCA, East Pakistan (AP)—Premier Chou En-lai of Red China said today the United States must withdraw its troops from South Viet Nam and "stop its intervention in Laos" to ensure peace in Southeast Asia.

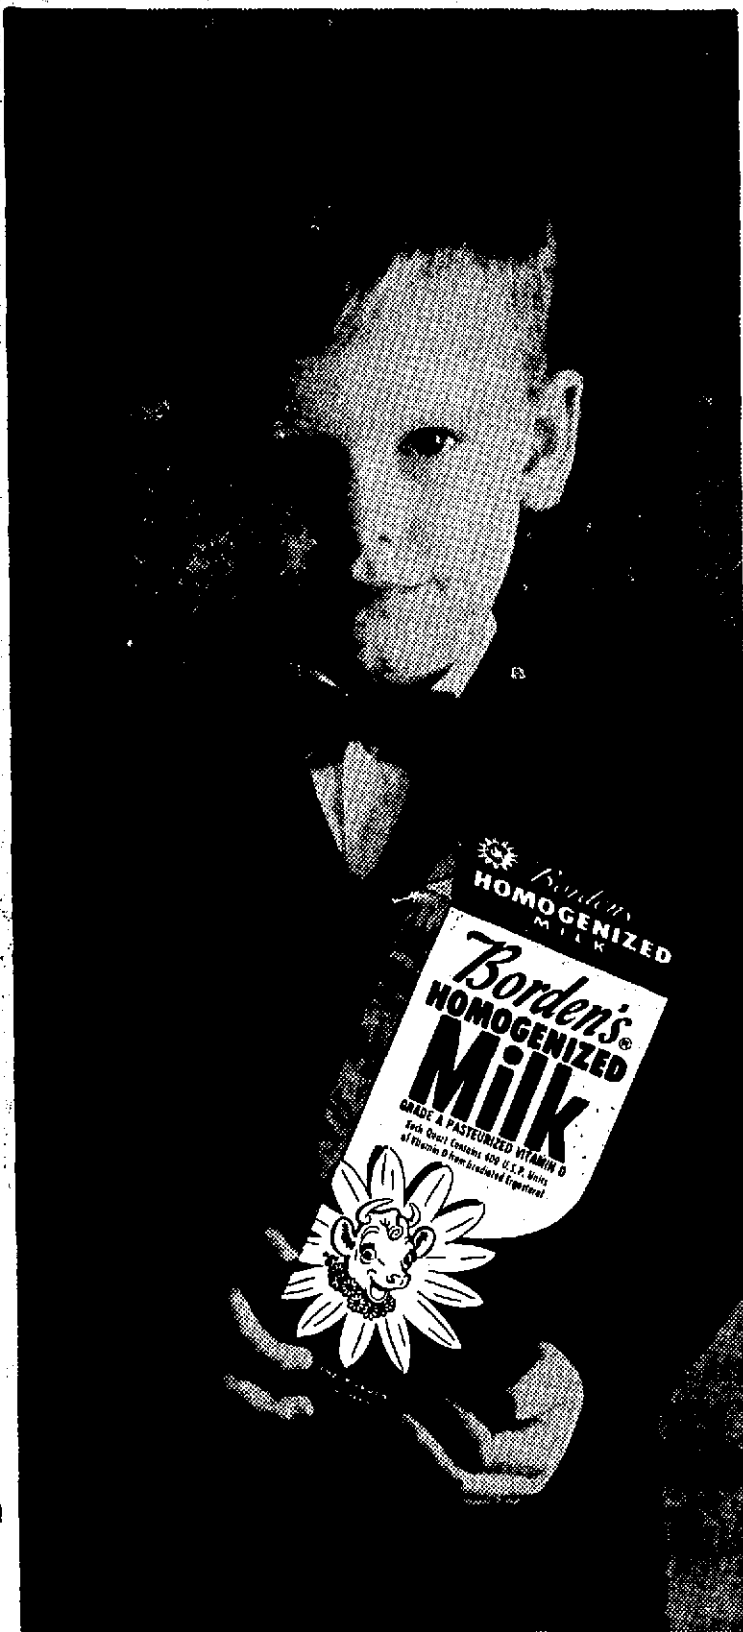

Showing flashes of anger, Chou told a news conference American troops also must be pulled out of Formosa before peaceful coexistence can become a reality.

Blasting what he called United States imperialism, Chou said American foreign policies "will make every country rise up against it. That day will surely come."

The Chinese leader is visiting the Indian subcontinent this week.

## No Details on New Launching

POINT ARGUELLO, Calif. (AP)—A satellite vehicle employing an Atlas-Agena rocket combination was launched Tuesday by the Air Force from Point Arguello. No other details were released.

## Why is Borden's the milk for children?

Because it's checked for quality 23 times.

Every day, the most accurate tests known to dairy science are made in the Borden's laboratory. On top of that, we taste-test Borden's Milk ourselves, before it's accepted and after it's bottled. All told, there are 23 different tests on every batch of milk! And they're all part of our promise to children: "If it's Borden's, it's got to be good."

## Castro Gives Johnson Most Trouble

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — President Johnson, in search of better if not new ways to handle trouble spots like Latin America and Viet Nam, just moves one man in on another without waiting for resignations.

But Fidel Castro's Cuba still seems to baffle him, as it did President John F. Kennedy.

He was President less than a month when he decided to improve on the Latin-American policies he inherited from Kennedy. Having decided, he moved suddenly.

He lifted Thomas C. Mann, 51-year-old Texan, from his job as ambassador to Mexico and put him in charge of all Latin-American affairs with the title of assistant secretary of state and White House adviser.

Mann thus replaced Edwin M. Martin who thereupon took a few months off before becoming an ambassador in Latin America.

So far there has been no noticeable change in this country's Latin-American policy but meanwhile the Panamanians rioted against Americans in the Panama Canal Zone, causing new trouble.

In South Viet Nam, which this country has backed for eight years against the Communist guerrillas of North Viet Nam, the situation seems to be going from bad to worse.

On Dec. 14, the same day Johnson elevated Mann, Roger Hillsman, assistant secretary of state for Far Eastern affairs, was heard from in a speech which got a lot of attention but contained nothing new.

Although Hillsman's province included Viet Nam, that day he talked of Red China. He said the United States thought its policy of "strength and firmness" would produce changes in China, now full of hostility.

Shortly afterwards came a change, but not in Red China. There was another coup in South Viet Nam, another change in government, and the increasingly confident Red guerrillas began assassinating Americans in Saigon.

This more than anything brought home to Americans the realization that, despite all the U.S. aid to South Viet Nam, it was the other side that was making progress. Johnson is very sensitive to public reaction.

This week the State Department announced all matters involving Viet Nam would be placed under William H. Sullivan, acting as special assistant to Secretary of State Dean Rusk.

In addition Sullivan will head a new committee to examine and pull together American policy in Viet Nam. The committee includes senior officers from the State and Defense departments and other agencies.

Tuesday, one day after the announcement about Sullivan, Hillsman, a key official in the past in developing U.S. policies on Viet Nam, resigned.

Hillsman said his resignation was "not related to policy issues" and the White House said he wanted to return to teaching.

But there is no indication Johnson is going to do anything new about Fidel Castro's Cuba or that there is anything new he can do. Tuesday night Rusk made a speech.

He spoke almost mournfully of the fact that the British and French persist in selling trucks and buses to Castro and he said "there will be no retreat from our policy toward Cuba" so long as it is a threat.

This, like Hillsman's speech on China, wasn't new, either.

## Pine Bluff Back Signs With Hogs

PINE BLUFF, Ark. (AP) — David Hunt, Pine Bluff High School's all-state football half-back and leading scorer in the Big Ten Conference last fall, will attend the University of Arkansas.

Hunt said he made his decision Monday night and signed a scholarship agreement.

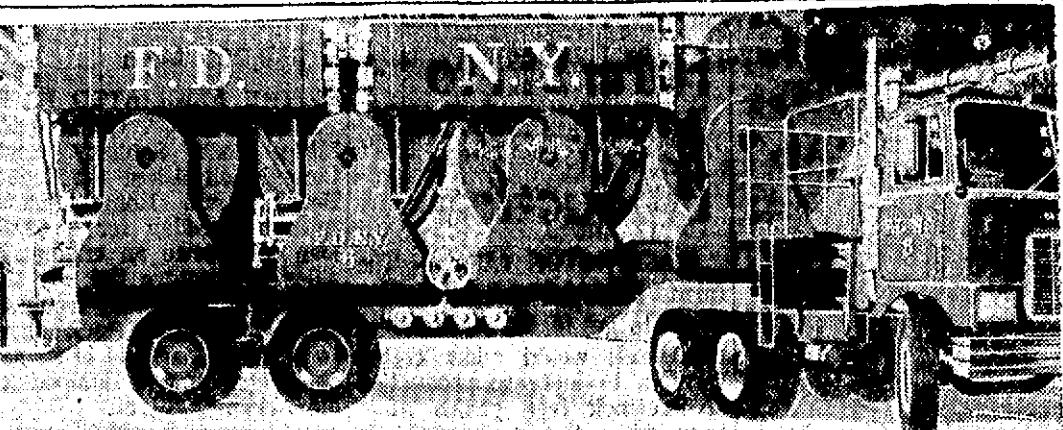

He scored 91 points last season, and also starred in last year's state track meet.

Three other Pine Bluff standouts, quarterback Gordon Norwood, end Jim Barnes and tackle Walter Weaver, have not said what college they will attend.

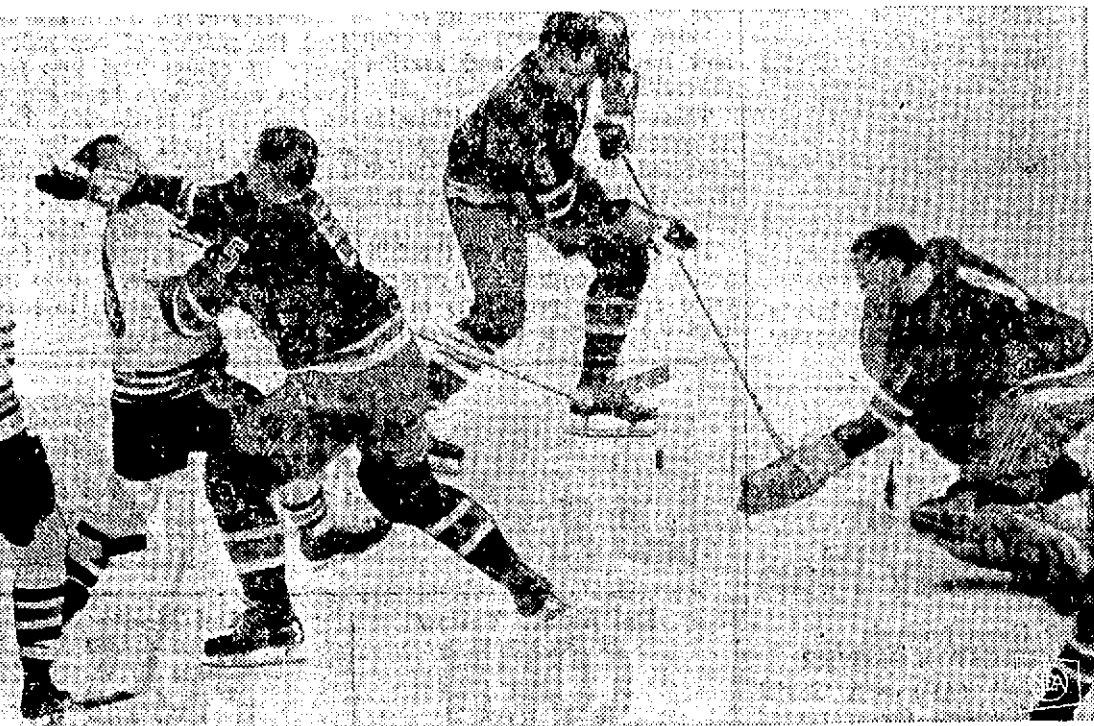

## British Poet Likes the Beatles

WASHINGTON (AP)—British poet-lecturer Stephen Spender likes the Beatles, is fascinated by Greenwich Village's "obscene, shocking" poets but is embarrassed by President Johnson and Prime Minister Sir Alec Douglas-Home.

"Johnson reminds me of something husky that I would not eat," he told a news conference Monday. "And I can't bear the prime minister's perpetual smile."

**MAMMOTH TENDER**—This huge hose tender will serve a giant pumper, which will provide firemen with the most potent fire-fighting team in history. The tender carries 8,000 feet of a 4½-inch hose on four motor-driven drums. It also is equipped with twenty 10-foot lengths of suction hose for drawing water from alternate water sources, such as rivers or ponds. Over-all hose capacity is sufficient to fight fires nearly a half mile from water source. Team was designed by Gibbs & Cox architects.

**PUCK-A-LUCK**—New York's Larry Cahan, 5, and Ron Murphy of the Chicago Black Hawks, white shirt, are preoccupied with other matters as Ranger Goalie Jacques Plante, 1, and teammate Andy Bathgate, 9, attend to the puck at Madison Square Garden.

**LOOKALIKES**—Seen in the funny papers by her friends in Bassett, Va., was Gay Carter, right. They said she bore a striking resemblance to Nurse Marge Howard, left, in the Ben Casey daily strip. Miss Carter went along with the gag, had her hair done like Nurse Howard—and here's the result.

## Southern Aid on Farm Bill Enlisted

WASHINGTON (AP)—Democratic leaders enlisted the aid of prospective Southern filibusters today in an effort to bring a farm bill before the Senate while delaying action on House-passed civil rights legislation.

Operating in a dense parliamentary thicket, majority leader Mike Mansfield of Montana faced Republican sniping at his efforts to keep the civil rights bill on tap but to prevent a filibuster from breaking out on it before the Senate can consider the farm measure and an authorization for military procurement.

Minority leader Everett M. Dirksen of Illinois has served notice that Republicans who want to kill the farm bill by delaying action on it will fight to get the civil rights bill up immediately.

Sen. Richard B. Russell, D-Ga., quarterback of the Southerners, was poised for an effort to try to send the civil rights measure to the Senate Judiciary Committee where many similar proposals have been buried in the past.

If the Southerners meet expected failure in that move, they were counted on to support Mansfield's efforts to put the bill instorage temporarily on the calendar.

## Files Candidacy for Prosecutor

LITTLE ROCK (AP) — Carl Whillock, 37, of Clinton, filed today as a candidate for prosecuting attorney in the 14th Judicial District.

Whillock resigned last month as chief aide to Arkansas Rep. J. W. Trimble, a post he held for seven years.

He is a law graduate of George Washington University and served in the Arkansas House from 1953 to 1955.

Joe Villines of Harrison is the present prosecutor in the district, which includes Boone, Marion, Newton, Searcy, Cleburne and Van Buren counties.

## Officers Named

LITTLE ROCK (AP)—Glynn Carpenter of Mena was elected president of the Arkansas Rural Electrification Council Monday at Little Rock. Carpenter, manager of the Rich Mountain Electric Co-Operative, Inc., succeeded Homer Dalrymple of Fayetteville. Other officers elected were C. R. Sawrie of Little Rock and Wallace M. Milton of Ozark, vice presidents and George Newberry of Little Rock, secretary-treasurer.

me as his prime exhibit. "He says you are the chief," Jo told me.

"Chief sucker," I told her. "With Dad out there after the tape . . ." she began.

"Sure," I said. "You convince this bunch of the value of an electromagnetic spool."

## Pollution Cost Put at \$27 Million

VERNON, Tex. (AP) — An Army Engineer says it would cost an estimated \$21 million to control pollution on the north fork of the Wichita River, and some \$27 million for both the

south and middle forks. Col. John W. Morris of Tulsa, Okla., said at a public hearing here Tuesday that the most economically feasible way to begin controlling salt water pollution in the Red River Basin is to control low-flow dams at each of the three sites.

"The control attained in the Wichita Basin will reduce the average natural daily chloride load into lake Texoma by 18 per cent," he said.

Morris said under current

regulations, the federal government would pay for the dam sites, while local sources would be required to pay for pipelines for pumping brine.

He said it would take several years to complete the project if it is approved and appropriations authorized.

Ten locations in the Red River Basin are scheduled for pollution control study under the authority contained in a Senate Public Works Committee resolution adopted in 1959.

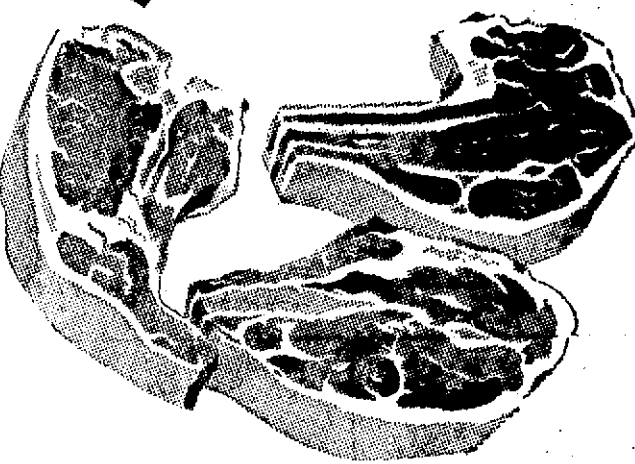

## \$2,000 Alimony Asked of Morrow

LOS ANGELES (AP) — Actor Vic Morrow, 35, was sued for \$2,000 a month alimony and child support Tuesday pending settlement of a divorce action brought Feb. 5 by his wife Barbara, 30.

The Morrows were married 1957 and have two daughters, age 2 and 5.

His wife said Morrow had an income of \$10,000 a month.

## Burton Back at Playing Shakespeare

TORONTO (AP)—Richard Burton returns to the Shakespearean stage in Toronto tonight after three years of moviemaking that involved him in one of the most talked of romances since Romeo and Juliet, his affair with Elizabeth Taylor.

Burton will appear in a Broadway-bound production of "Hamlet" directed by one of his most eminent predecessors in the part, Sir John Gielgud.

The transatlantic cast, which has been rehearsing here for four weeks, also includes actor-singer Alfred Drake as King Claudius, Hume Cronyn as Polonius and Eileen Herlie as Queen Gertrude, the role she played in Sir Laurence Olivier's movie version.

Miss Taylor has been in Toronto with Burton throughout the rehearsal period and stole the show at a dress rehearsal preview Tuesday night. Long before curtain time, crowds milled around the front of the O'Keefe Center waiting to see her arrive. The start of the third act was delayed 15 minutes while the film star was escorted to her seat through crowds blocking the aisle. The audience clapped rhythmically until the house lights went down.

## Viet Nam Has Outlawed Mrs. Nhu

SAIGON, Viet Nam (AP)—Mrs. Ngo Dinh Nhu, former powerful First Lady of South Viet Nam, has been declared an outlaw, a Justice Ministry spokesman said today.

The order has been issued for her arrest, he said. He refused to discuss details.

Mrs. Nhu has been living in exile in France with her four children since a Nov. 1 coup overthrew her brother-in-law, Ngo Dinh Diem.

In Paris, she called the action "the height of cynicism." Spokesmen for the Foreign and Interior ministries said the order is a legal technicality which could not be executed unless Mrs. Nhu returned here, they said.

## Russia Against Arms Proposal

GENEVA (AP)—The Soviet Union turned down a British proposal at the Geneva disarmament conference today to strengthen United Nations peace-keeping machinery.

British Foreign Minister R.A. Butler made the proposal. He said the Cyprus crisis shows such a force is needed urgently and that it will also be essential for the security of all nations in a future disarming world.

Stronger U.N. peace-keeping machinery was one of several points Butler raised during an hour-long speech.

Soviet Delegate Semyon K. Tsarapkin replied that a force as suggested by Butler "would only create difficulty and complications."

Tsarapkin insisted on Moscow's troika formula for leadership of the force. This provides that its commanders from the Western, Communist and nonaligned power blocs could act only unanimously.

## Sues to Halt New Courthouse

LITTLE ROCK (AP)—A Clay County farmer asked the Arkansas Supreme Court today to reverse a lower court ruling that residents of the Eastern District of Clay County cannot tax themselves to build a new courthouse and jail.

The farmer, L. H. Woolard, petitioned County Judge Ernest Thomas to call an election for a bond issue to finance construction of a courthouse and jail to replace the one which burned Jan. 26, 1963.

Thomas denied the petition. He said a 1953 act which declares that in counties with two judicial districts residents of either district may tax themselves for capital improvement is unconstitutional.

Woolard appealed Thomas' decision to Clay Circuit Court which upheld the county judge.

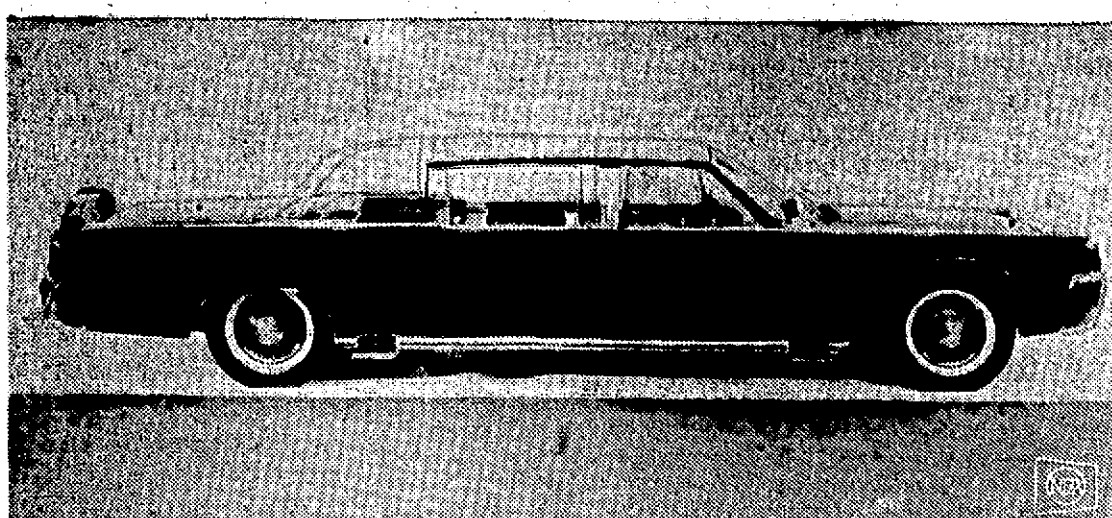

## McCorry Votes Two Bond Issues

MCCRORY, Ark. (AP)—Two bond issues were approved by McCorry voters Tuesday to finance a shoe manufacturing plant.

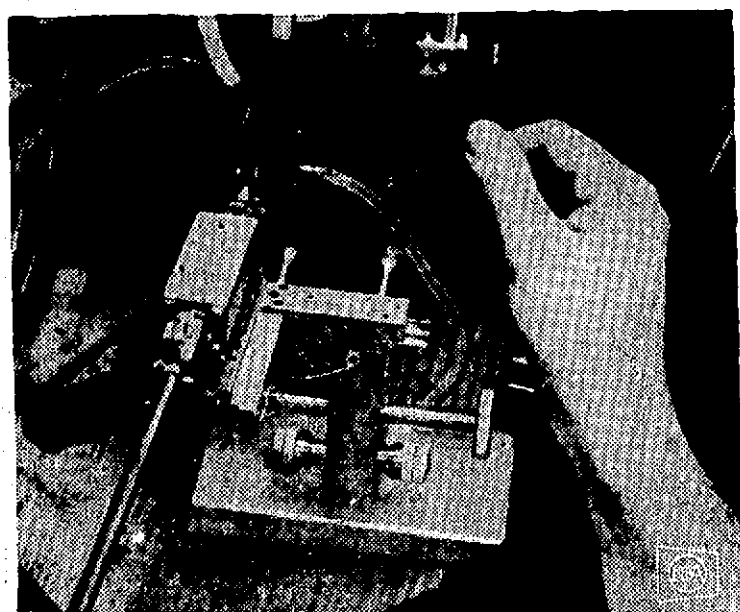

An issue for \$52,000 in general obligation bonds under Amendment 49 was approved by a vote of 372 to 11. The issue carries a five-mill tax increase.

An issue for \$350,000 in industrial development bonds under Act 9 of 1960 was approved by a vote of 375 to 13.

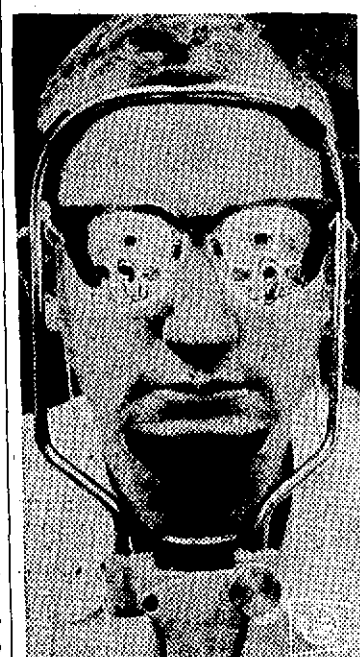

The Tober-Saifer Shoe Manufacturing Co., a Missouri firm, will employ about 150 persons in a 50,000-square foot plant. Eventually more than 500 persons may be employed, the firm said.

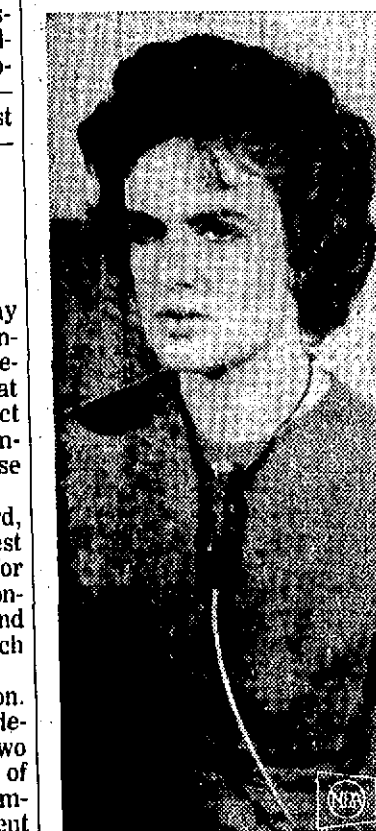

**TOUGHENED PRESIDENTIAL CAR**—The custom-built Lincoln Continental, in which President Kennedy was assassinated, has been strengthened in Detroit with armor siding and a bulletproof glass top. The car has also been equipped with heavy duty springs, shock absorbers and brakes to allow for the increased weight.

**NOT HALF AS COMPLEX**: Although this laboratory apparatus seems complicated, it is simple compared to the cells which it analyzes. It is used to record internal electrical current within individual heart cells.

**"DOC" IS COMPUTER**—Diagnostic information in minutes is the story behind the lights on this man's glasses. In one of several applications, a GE-225 computer triggers light signals, records subject's eye movements, analyses data and returns diagnostic information in minutes from a central location. Massachusetts Institute of Technology is using the technique in a hook-up with three Boston hospitals. Ultimate purpose: to supply data quickly to areas remote from clinical centers.

**FACES THE GRIM FACT**—Marina Oswald, 22-year-old widow of Lee Harvey Oswald, accused of assassinating President Kennedy, says that facts tell her Oswald did the shooting. The Russian-born woman hopes to become an American citizen, and says she wants to make a home in Texas for her two children.

## \$4.4 Million Bet at Spa Races

LITTLE ROCK (AP)—Attendance and betting at Oaklawn Park during the first eight days of the current racing season are up significantly from last year.

Attendance totals 82,885, compared to 72,337 during the first eight days last year. Betting totals \$4,425,890, compared to \$3,929,094.

Figures were released by the

## Vertical Plane Due for Tests

SAN DIEGO, Calif. (AP)—An experimental two-man airplane which takes off and lands like a helicopter and flies at jet speeds will be delivered to the Army next week for testing at Edwards Air Force Base, Calif.

The plane called "vertical and short takeoff and landing aircraft," was rolled out at Ryan Aeronautical Company's plant Tuesday.

A Ryan spokesman said it will fly at speeds up to 600 miles per hour and has a range of more than 1,000 nautical miles.

Large fans mounted in the wings, driven by jet exhaust, provide lift for takeoffs and support the craft for helicopter-like hovering.

## Step-up Against Commies Planned

HONOLULU (AP)—A beefed-up offensive against the Viet Nam Communists is in the offing, according to the commander of U.S. military forces in the Pacific and Far East.

Adm. Harry D. Felt, who returned Tuesday night to his Honolulu headquarters from a tour of the Far Eastern countries, stressed that future military maneuvers in South Viet Nam would see government troops increasingly taking the initiative.

"The fight must be carried more and more to the Communists," Felt said.

Asked if he would advocate pushing the war into North Viet Nam, Felt retorted, "I've been reading the newspapers too." He wouldn't comment further.

## 3 Indicted for Bank Robbery

BALTIMORE (AP)—A federal grand jury indicted three men Tuesday on charges of bank robbery and killing a Baltimore policeman.

The four-count charge was presented to U.S. District Judge Harrison L. Winter after FBI agents and other witnesses were heard during a day-long session.

Accused were Walter F. Fritts, 30, of Arlington, Va.; Richard L. McFarland, 30, of Silver Springs, Md.; and John Christian Sullivan Jr., 25, of Washington, D.C.

Fritts was arrested Feb. 15 at Ozark, Ark.; McFarland Feb. 11 at Las Vegas, Nev.; and Sullivan last Monday in Denver. All three are awaiting transportation to Baltimore, where they will be arraigned.

The men were indicted for the Jan. 29 armed hold-up of a Maryland National Bank branch which netted \$23,466. They also were accused in the death of Patrolman Claude J. Proffitt, a 12-year veteran of the police force, who was shot as he ran to investigate the robbery.

## Beetles Hit Pines

LITTLE ROCK (AP)—State Forester Fred H. Lang said Monday that Arkansas' pine forests could be seriously damaged by insects. The forests

are weakened by fires and extended droughts, Lang said. He said activity by the Ips Pine Bark Beetle, a tree borer, is very heavy for the winter months.

## Super Stars Remain to Be Signed

By MIKE RATHET  
Associated Press Sports Writer

Sandy Koufax, Mickey Mantle and Rocky Colavito are among about 100 players, many in the superstar category, remaining to be signed by major league baseball clubs before the ledgers on the annual ritual are closed.

Only about a week is left before the official spring training reporting date falls due for all players, but the San Francisco Giants, Chicago Cubs and Los Angeles Angels — and possibly the secretive Houston Colts — are the only teams with all their players.

The Colts do not reveal how many of their players are signed, or unsigned, until March 1. They are the only club with such a policy. All other responded to an Associated Press survey which today showed 95 players not signed.

Koufax, the ace left-hander of the world champion Los Angeles Dodgers, is the No. 1 item on the lengthy list. But he's only one of three key Dodgers still not signed. Shortstop Maury Wills and outfielder Frank Howard also are not yet under contract.

Pitcher Don Drysdale signed Wednesday for a raise of \$25,000, which puts him in the \$70,000 class, a team spokesman said.

Mantle may be set to sign today at a press conference called by the Yankees, who Wednesday brought catcher Elston Howard into the fold. The American League's Most Valuable Player signed for an estimated \$60,000. Mantle, probably up for \$100,000, is one of nine unsigned Yankees.

The St. Louis Cardinals, who still have 10 to sign, eased their problem somewhat by signing shortstop Dick Groat for around \$45,000. Still not under contract are first baseman Bill White, second baseman Julian Javier and pitchers Ernie Broglio, Bob Simmons and Bob Gibson.

Colavito, acquired from Detroit in a trade, is one of 13 Kansas City A's remaining to be signed. The only other club with that large a numerical headache is Washington. St. Louis has the most unsigned in the National League, followed by Philadelphia with nine.

The Giants completed their roster with the signing Wednesday of pitcher Juan Marichal. The right-hander received a reported \$40,000, a raise of \$15,000 for his 1963 performance of 25 victories and eight losses and a 2.41 earned run average.

Among the other name players in the NL still unsigned are second basemen Bill Mazeroski of Pittsburgh and Pete Rose of Cincinnati and outfielders Wes Covington, Tony Gonzalez and Johnny Callison of Philadelphia.

The AL list includes outfielder Tom Tresh and pitcher Jim Bouton of the Yankees, outfielder Harmon Killebrew and pitcher Camilo Pascual of Minnesota third baseman Brooks Robinson and first baseman Norm Siebern of Baltimore and pitcher Juan Pizarro and Ray Herbert of Chicago.

## President Hoover Seriously Ill

NEW YORK (AP)—Former President Herbert Hoover, seriously ill, was reported definitely improved today.

Hoover, 89, was still having some respiratory difficulty from a pulmonary infection but the infection itself was responding to therapy, his doctors said.

Kidney bleeding has stopped, they said in a bulletin issued shortly before 10 a.m., EST.

A bulletin Tuesday night said Hoover remained strong and alert despite his age and illness but had spent a rather restless day due to his respiratory difficulty.

are weakened by fires and extended droughts, Lang said. He said activity by the Ips Pine Bark Beetle, a tree borer, is very heavy for the winter months.

## Columbus Is Looking for Classic Race

By BOB GREEN  
Associated Press Sports Writer

NEW YORK (AP)—A two-mile that promises to be a classic and a mile that offers the potential of three — count 'em, three — records features tonight's Knights of Columbus indoor track and field games.

Tom O'Hara, Chicago's record breaking little mile marvel, will be timed at three-quarters of a mile, 1500 meters and the full mile, each with an eye toward

a record, in his last Madison Square Garden appearance of the winter.

The 21 year old, 5-foot-9 Loyola student was timed in an unofficial 3:01.6 — just four-tenths of a second off the listed mark — for three-quarters route to his indoor record 3:56.6 two weeks ago.

This got the K of C officials thinking along a why-not sort of line. So they'll put the clock on him on all three distances, and just hope that someone in the field gives him a run for the first three-quarters.

Getting that competition, as he did from John Camien on his record romp, is highly necessary for O'Hara. He insists that he runs only to win, and has

gone as high as 4:07.4 in his unbeaten string this winter.

Bob Schul, Oxford, Ohio, seems the logical choice. He's won major cup races at a mile, two miles and three miles this winter, but lacks freckled Tom's killing kick.

Schul heads a field of challengers that also includes Italian champion Brancesco Bianchi and Canadians Dave Bailey and Engas Leps. Jim Grelle of Los Angeles, a late entrant, pulled out because of a virus.

The two mile could be a dandy. It features, among others, Australia's powerful Ron Clarke and Toronto's youthful Bruce Kidd. Kidd is unbeaten on the Madison Square Garden

## Pearson Survives Confidence Vote

OTTAWA (AP)—The minority Liberal party government of Lester B. Pearson survived a Conservative motion of non-confidence in the House of Commons Tuesday night by 8 votes, 128-120. It was the government's closest shave since it came to power 10 months ago.

The votes of five opposition members—three Social Crediters and two New Democratic members—helped give the Pearson government its narrow margin.

boards, but that record is in serious jeopardy from the veteran Clarke.

# Has Theory About Hero of England

By BOB THOMAS  
AP Movie-Television Writer

HOLLYWOOD (AP) — Sean Connery, who plays secret agent James Bond on the screen, has a theory on why the Ian Fleming hero enjoyed great popularity in England. He reasons that the English ego, battered by the war and the loss of empire, was saved by the portrayal of a countryman who faced international villains and voluptuous females with equal fearlessness.

Apparently the unwavering Bond continues to rule Britain. United Artists gleefully reports that the second of the Fleming films, "From Russia With Love," has already recovered its \$1,850,000 cost in England.

So the American receipts will be so much gravy.

No doubt the new film will repeat the success of "Dr. No," a surprise hit of 1963. "From Russia With Love" is the same kind of relentless entertainment, so ingeniously gimmicked and so outrageously plotted as to defy complaisance.

Outlining the plot is about as easy as capsulizing the events that led to World War II. Suffice it to say that this time Agent 007 is sent to Istanbul to accommodate a beautiful secretary at the Soviet consulate who will defect only to him. Only she is not really defecting; she has been duped by a counter-counter-agent who—oh, forget it.

A logical continuity cannot be written because there is none. These films are a throwback to the Saturday matinee serials that were a Hollywood staple for many a year.

The formula is simple. Every five or ten minutes, Bond is bottled in a tight or deadly situation. Will he get out? Of course. The only difference between these films and oldtime serials is that you don't have to wait until next Saturday to find out what happens.

There is sex. A parade of leggy, languorous beauties appears ready to surrender to the suave, furry-chested Bond, and most do.

One brief moment in "From Russia With Love" was a gem. Visiting a camp of pro-Western gypsies, Bond finds himself caught in an attack by Russian agents. Amid shooting on the stockade and covered wagons going up in flames, an arrow whizzes past Bond's ear. He considers the anachronism for an instant, shrugs and continues fighting.

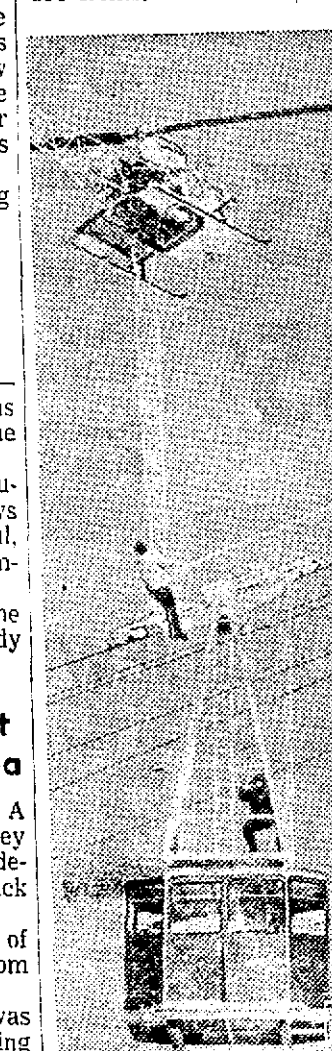

That made the whole thing seem worthwhile.

UNFORESEEN—Peter Hurkos, above, known for experiments with extrasensory perception, failed to foresee his arrest in New York City for impersonating an FBI agent. The alleged impersonation took place in connection with investigation of the recent Frank Sinatra Jr. kidnapping.

BEARLY BEGUN—Cathy Murphy, 4, collects Teddy bears, but there's more brim for her future. Daddy, Matthew P. Murphy, a Dallas, Tex., bank executive, collects all types of bear memorabilia—and has more than 450 items.

HIGH DRAMA—New rescue route demonstration took place during the opening ceremonies of a cable car lift constructed near Zurich, Switzerland. The operation shows how passengers stranded in the cable car could climb out and then reach a ladder hung from helicopter.

## Paratroopers Die in Exercises

FT. BRAGG, N.C. (AP) — Four Ft. Bragg paratroopers were killed and eight others injured during a mass parachute jump today at Holland drop zone on the Ft. Bragg reservation, military authorities announced.

They said the accident occurred when a C10 aircraft apparently lost altitude. The wing of the plane struck a group of had jumped from another plane.

The 18th Airborne Corps public information office said names of the victims were withheld pending notification of kin.

Three were members of the 504th Infantry. Another was affiliated with the Strike Command.

The jump involved some 1,500 men, about 60 to a plane. The aircraft flew in formations of three.

## Negro Man Is Shot Fatally

EL DORADO, Ark. (AP)—A 56-year-old Negro man was fatally shot by a Rock Island Railroad employee Tuesday night after the Negro was caught breaking into a parked caboose. Police Chief J. S. Thomas said.

Luther Cook died in an El Dorado hospital. Thomas said the railroad did not release the name of the employee who shot him.

The police chief said there had been a number of thefts from the railroad yards lately. Thomas said the employee caught Cook breaking into the caboose and was taking him to the roundhouse to call police when Cook broke away from him and ran.

The employee fired two shots over Cook's head in warning, then shot low to hit his legs, Thomas said. The bullet struck the fleeing man in the lower back.

## Real Drama Always Beats Fiction

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—Real life drama beats fiction every time, even when it lacks the proper dramatic form.

Far and away the most exciting television program Tuesday and of many a day before that was NBC's dogged three-hour coverage of what it called "The Bobby Baker Hearing."

For more than two hours the cameras were focused stoically on the upper half of what looked like a pair of varnished oak doors and a discreet sign that said "Caucus Room." All the while our television sets functioned merely as radio eavesdroppers on the provocative

questions and droning answers being fired inside.

Both CBS and NBC had planned to provide live coverage of the Senate Rules Committee public hearing on activities of Bobby Baker, former secretary to the Senate majority.

After a long and confusing argument, the committee chairman reluctantly—or so it seemed to the home viewers—ordered the television cameras out of the chamber after an informal committee vote. Then, almost like an afterthought, he excluded film and still cameras. That still left NBC's sound equipment functioning.

CBS abandoned its live television coverage. Its plans to switch to radio coverage was dashed temporarily when somebody pulled out its electrical connection by mistake. NBC simply kept its cameras on the outer portals and fed us the sounds.

All three networks immediately fired off telegrams to the

committee chairman protesting the exclusion of television cameras.

From the viewer's vantage point, it probably was more interesting the way things worked out. Still it was nothing like the exciting days of the Army-McCarthy hearings or the earlier Kefauver hearings. A pair of closed doors were not as effective as those shots of Frank Costello's nervous hands taken when television cameramen were not allowed to show his face.

NBC has made another multimillion-dollar deal for a batch of feature films, some as recent as 1960, from MGM. They will be used next season, mixed in with films recently acquired from Paramount, on the network's Wednesday and Saturday night feature movie shows.

## Would Reverse Conviction

LITTLE ROCK (AP) — Rain maker Homer Berry of North

## Steel Unopposed

NASHVILLE, Ark. (AP) — Don Steel, an attorney from Nashville, was elected state senator for the Sixth District Saturday. Steel was unopposed in the special election called by Gov. Orval E. Faubus to fill the position held by the late Nathan G. Coulter of Nashville. Little River, Polk, Howard and Sevier counties are in the district.

Little Rock asked the Arkansas Supreme Court today to reverse his conviction in Washington Circuit Court for public drunkenness.

Berry was arrested last August while operating his rainmaking apparatus near Springdale. He was convicted in Springdale Municipal Court for being drunk on the highway and fined \$16.50. He appealed to the circuit court and there he was convicted of public drunkenness and fined \$15.

## JFK Monument at Spot He Was Shot

DALLAS, Tex. (AP) — Plans to construct a monument in memory of President John F. Kennedy at the spot where he was assassinated have been announced by the Citizens Memorial Committee, appointed by former Mayor Earle Cabell.

W. Dawson Sterling, chairman of the committee, said the monument probably will be a curved white marble wall about 10 feet high and 20 to 30 feet in length.

The committee also plans to provide for a memorial sector in the proposed John Fitzgerald Kennedy Library in Boston.

In 1927, great treasures were discovered in the mounds near Bluffton. The high waters of the Fourche la Pave ate into parts of them and washed out, it is said, nearly \$10,000 worth of jewelry besides skeletons of men, dogs, deer, and beaver.

## Greek Queen Has Pneumonia

ATHENS, Greece (AP) — Queen Frederika of Greece has recovered from pneumonia, the palace announced today.

She came down with pneumonia last Monday, three days after her husband, King Paul, underwent surgery for a stomach ulcer.

A medical bulletin said the king continues to make steady progress.

## Stolen Shrimp Boat Returned From Cuba

KEY WEST Fla. (AP) — A shrimp boat stolen from Key West by an American who defected to Fidel Castro was back today.

Its owner, Charles Griffin of Savannah, Ga., brought it from Havana Monday night.

The 25-foot Johnny Reb was anchored off Key West pending immigration and customs routine.

The American who sought Cuban asylum, Dennis Kirby, 22, a California sailor, had said he was dissatisfied with American life and wanted to compensate Cuba for the seizure of four Cuban trawlers near Key West. The trawlers returned to Havana last Thursday.

## Injuries Fatal at Texarkana

TEXARKANA, Ark. (AP) — Frieda McPherson, 21, of Texarkana, died today of injuries suffered last night when she was thrown from a car near the Texarkana Country Club.

Police said the driver, Herbert Lynn Tullis, was not hurt. The car went out of control and struck an embankment. The girl was thrown out and her head hit a concrete block.

It was the fifth traffic fatality in Texarkana since Saturday.

## It Finally Got to Wyoming

KAYCEE, Wyo. (AP)—Game Warden William Eversole uses music to charm the beast—then he shoots it.

With a record player and speakers hidden in the bushes, Eversole plays the sound of a rabbit to lure bobcats and coyotes and the cries of quail to get fox.

# Tom Jones Was Winner From Start

By JAMES BACON  
AP Movie-Television Writer

HOLLYWOOD (AP) — About the only surprise about this year's Oscar nominations is that the movie "Tom Jones" got only 10 nominations.

True, it was the leader—with "Cleopatra" second with nine—at the 36th annual Academy Awards nominations announced Monday.

Ever since it was first previewed here some months ago, "Tom Jones" has been the prestige picture—the one every producer and director in Hollywood wished he had made.

The rowdy British-made film starred the man many believe to be the best young actor on stage or screen today—Albert Finney.

Finney played the hero of the bawdy Fielding novel of 18th-century England. On stage Finney was a moody "Luther" but he played "Tom Jones" with the sex appeal of a Gable and the comedy finesse of a Chaplin.

Naturally, he was nominated as best actor.

He will be a hard man to beat when the Oscars are handed out April 13th.

His competition: Rex Harri-

High on the list of bright plumage for resort preening are these new swimsuits by Rose Marie Reid. Hip-length overblouse (left) is of white dacron tricot, embroidered with spaced dots of color. Brief maillot pant is knitted. Massive flower print on white (center) gives vivid dimension to the strapless swimsuit that ingeniously mates the bare-shouldered look with near backlessness. The new outer cut of the bra is straight and uncountured at the top for a "swathed" look. Lycra taffeta is printed in two contrasting tones on white (right) to give a divided look to the one-piece classic sheath. Pink and white strokes on white are joined at the waist to moss on white below.

# Johnson Will Need Magic on Rights Bill

By JAMES MARLOW  
Associated Press News Analyst

WASHINGTON (AP) — For President Johnson the ideal situation would leave him free to concentrate on dealing with Congress, where he was one of the experts of the century. Foreign affairs were not his field.

But, ironically, once the Senate tackles the civil rights bill, perhaps this week, a Southern filibuster against it will tie up all other Senate business for weeks and perhaps months.

Johnson will need all his magic to save the bill but for those many weeks of filibustering there isn't much he can do except, perhaps, devote himself more completely to the unfinished foreign problems needing his attention.

For example: Cuba, Panama and Viet Nam.

But Johnson simply does not have John F. Kennedy's deftness in foreign affairs, at least in discussing them publicly. He has had some setbacks in negotiations although Kennedy might have had the same luck.

He couldn't, for example, get Britain or other friends and allies to cut off trade with Fidel Castro's Cuba.

Over the weekend there came a strange finish to his two-day conference in California with Mexican President Adolfo Lopez Mateos when the two men wrote a communique on their meeting.

It glowed with agreement and agreeableness. Then Lopez Mateos held a news conference and rubbed off some of the glow. This involved Venezuela's charge that Cuba is trying to undermine and destroy Venezuela's government.

The Organization of American States — Cuba is no longer a member — is investigating the charges.

Although the Johnson - Lopez Mateos communique told of their desire to strengthen the OAS, Lopez Mateos told reporters the United Nations, not the OAS, should be investigating Venezuela's charges. This was not mentioned in the communique.

Mexico's Foreign Minister Manuel Tello reportedly said Mexico would not necessarily feel itself bound to support sanctions against Cuba if the OAS voted them.

What this might mean to the future of OAS — if Mexico ignored the OAS decision on Cuba — is anybody's guess. At the same time Lopez Mateos said the OAS should try to solve this country's difficulties with Panama.

Panama wants to renegotiate the 1903 treaty which permits this country to control the Panama Canal Zone indefinitely. The United States has offered to discuss the matter but has refused any pledges in advance.

If this may have caused some confusion, a speech Johnson made while in California was not entirely clear, either, although it was interpreted as a tough speech.

At one point, as a consolation for the troubles of the West, he spoke of the "spreading civil war" among the Communist nations.

One newsman there considered that important enough to make it the lead on his story for Saturday morning.

But this writer has been informed that before the story got into print Johnson's press secretary, Pierre Salinger, phoned the newsman that he was over-emphasizing the importance of that part of the speech.

Others used a different lead, based on another part of the Johnson speech. In this he said, without naming them, that: "those" engaged in the "external direction and supply" of the Communist guerrillas fighting the American-backed government of South Viet Nam were playing a "deeply dangerous game."

This was interpreted by one reporter as part of a new campaign of psychological warfare against the Communists in North Viet Nam. But Monday there were indications from inside the Johnson administration that no policy decision has been made on the way the Vietnamese war is to be fought.

And, meanwhile, as he has with a number of the problems, Johnson set up a committee to make a study of the situation in Viet Nam.

# Beatles Carry Sullivan Up in Ratings

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP) — According to the A.C. Nielson Co., the first appearance of the Beatles on Ed Sullivan's show of Feb. 9 was seen on television sets in an estimated 23 million homes and by close to 70 million people.

These gigantic audience figures, projected on the basis of samples made by Nielsen, catapulted the Sullivan show into the No. 4 position among the networks' top 10 programs.

If the ratings had been taken on the basis of only one Sullivan show—the Beatle program — it would have been at the top of the list, well ahead of the perennial winner, "Beverly Hillsbillies."

However, the ratings, considered by the industry to be the most authoritative, cover a two-week period, which pulled his average down.

The industry is now interested to know how the Sullivan show made out during the past two weeks, when he had the British rock 'n' rollers on both programs.

If Garry Moore wants to work in broadcasting next season, he has all sorts of offers to choose among. He has been invited, among other suggestions, to return to the Baltimore station where he launched his career, and to "do whatever I want to do" on a Portland, Maine television station, near his summer place.

"I'm thanking everyone," the comedian noted today. "But what I really want to do is get away from Garry Moore for a while—after 30 years."

After June, it will be temporarily retired Thomas Garrison Morfit who is sailing his boat and sitting in the sun.

Recommended tonight: Telephone Hour, NBC, 10-11 (EST)—celebrating its 1,000th program as a radio and television program, with Shirley Jones and Jack Cassidy, Count Basie and orchestra and Robert Casadesu, his wife and their son as a three-piano team.

# Rape Case Records Are Subpoenaed

LITTLE ROCK (AP) — Federal District Judge Gordon E. Young issued subpoenas Tuesday to Garland, Jefferson and Pulaski county officials to submit records on 53 rape cases at a hearing Thursday.

The subpoenas were asked by Pine Bluff attorney George Howard Jr. as part of strategy in defense of William L. Maxwell, 24, Hot Springs Negro sentenced to die for rape.

Howard contends Arkansas rape statute has not been equally enforced for whites and Negroes and that Negroes were discriminated again in selection of the jury that convicted Maxwell.

He is attempting to get the conviction put aside by habeas corpus proceedings in a federal court. Maxwell was scheduled to die in the election chair in federal court. Maxwell was scheduled to die in the electric

chair early this year but was given a stay.

Howard had asked for information on rape cases in all 75 counties, but Young denied his request.

### Sword in the Stone \$100 Winners

Everyone's talking about Safeway's fabulous cash game, **Sword in the Stone!** There have been hundreds of lucky winners to date, and more winning each day. It's so easy . . . just spell "SWORD-IN-THE-STONE" and win \$100 in cash. Also, you could possibly be one of our lucky \$1 winners. Here are photographs of just a few of the lucky Sword in the Stone cash winners.
